provided that such additions lie within the Annexation Area depicted on **Exhibit B** attached hereto. Such document may contain such complementary additions and/or modifications of the covenants and restrictions contained in this Declaration as may be applicable to the specific type of development, except that Declarant expressly reserves the right to make any deletions, additions and/or modifications as are necessary, in Declarant's sole discretion, to reflect the different sizes, types and/or styles of residential products within the Annexation Area (i.e., garden homes, estate homes, traditional homes, etc.), or commercial uses within the Annexation Area. In no event, however, shall any such certificate of annexation and/or separate or supplemental declaration be construed so as to revoke, modify or add to the covenants established by this Declaration as they are applicable to the existing property covered by this Declaration.

(2) **Other Additions.** The owner of any property who desires to add such property to the scheme of this Declaration and to subject it to the jurisdiction of the Association may make written application for annexation to the Association, together with the following:

(i) The proposed property shall be described by size, location, proposed land use, and general nature of proposed private improvements.

(ii) The applicant shall describe the nature and extent of common facilities to be located on the proposed property and fully describe any mortgage debt related to the common facilities or other debt which applicant seeks the Association to assume.

(iii) The applicant shall acknowledge that the proposed additions, if made, will be subjected to the general scheme of this Declaration and all Association assessments.

(iv) Upon such submission and subject to the Association's later review and approval of the proposed form of certificate of annexation and/or supplemental declaration of covenants, conditions and restrictions for the proposed property, the annexation may be approved in accordance with the requirements for amendment of this Declaration pursuant to **Section 14(b)** herein. If the proposed property is approved for addition to the jurisdiction of the Association, such addition shall be complete upon the applicant's filing of record in the Real Property Records of Bexar County, Texas, an annexation certificate and/or separate or supplemental declaration of covenants, conditions and restrictions or similar instrument in form approved by the Board of Directors of the Association and executed by said Board of Directors or one or more authorized officers of the Association.

(b) **Withdrawal of Properties.** Declarant may, at any time and from time to time, reduce or withdraw real property owned by Declarant from the Subdivision, and upon such withdrawal, this Declaration and the covenants, conditions, restrictions and obligations set forth herein shall no longer apply to the real property withdrawn. In order to withdraw real property from the Subdivision hereunder, Declarant shall be required only to record a notice of withdrawal referencing this Declaration and describing the withdrawn real property in the Real Property Records of Bexar County, Texas.

A majority vote of the ARC shall mean a simple

majority of the votes cast by the ARC members present at any meeting of the ARC, or if action is taken without a meeting as permitted herein, a simple majority of the total votes of the members of the ARC. ARC members shall not be entitled to compensation for their services rendered in such capacity.

(b) **Guidelines.** The ARC has the right but not the obligation to promulgate ADGs for the Subdivision that do not conflict with the other Governing Documents to carry out its purposes. The ADGs for the Subdivision and the other documents and information which may affect an Owner, prospective Owner, Builder, or contractor for Improvements to a Lot shall be maintained at the offices of the ARC. Each Owner and prospective Owner is advised to obtain these documents and carefully examine the ADGs in addition to this Declaration to determine its rights and obligations. At any time without notice to the Owners or any other party, the ARC may modify, amend or otherwise change the ADGs, including revisions to remove requirements previously imposed or otherwise make the ADGs less restrictive. The ARC shall also have the right to promulgate different ADGs for additional property annexed into the Subdivision.

(c) **Function.** No Improvement shall be erected, constructed, placed, altered (either by addition or deletion), maintained or permitted to remain on any portion of the Lots until the Required Plans, in such form and detail as the ARC may deem necessary, shall have been submitted to and approved in writing by the ARC. The ARC may employ professional consultants or agents to assist it in discharging its duties, and impose reasonable fees for processing of submissions hereunder.

(d) **Goals.** The goal of the ARC is to encourage the construction of Living Units and other Improvements of good architectural design, quality and proper size compatible with Declarant's conceptual plan for the Subdivision. Improvements should be planned and designed with particular attention to the design and aesthetic appearance of the exterior and the use of such materials as will, in the judgment of the ARC, create an attractive and harmonious blend with existing Improvements and the natural surroundings. The ARC may consider, among other factors, the conformity and harmony of exterior design with existing structures in the Subdivision, the location with respect to topography, existing trees, and finished elevation, and apparent conformity with the requirements of this Declaration. The ARC may disapprove the construction or design of an Improvement on purely aesthetic grounds where, in its judgment, such disapproval is required to protect the continuity of design or values of the Subdivision and of other Owners, or to preserve the natural beauty of any surroundings, by preventing unusual, radical, uncommon, curious, odd, extraordinary, bizarre, peculiar or irregular external designs or appearances from being constructed in the Subdivision. Prior judgments regarding such matters of design or aesthetics shall not be deemed binding upon the ARC if the ARC feels that the repetition of such matters will have an adverse effect on the Subdivision.

(e) **Powers.** The ARC shall have the express authority to perform fact-finding functions hereunder and shall have the power to construe and interpret any covenant herein that may be vague, indefinite, uncertain or capable of more than one interpretation. The ARC's evaluation of Required Plans is solely to determine compliance with the terms of this Declaration and the aesthetics of the proposed Improvements. The ARC expressly disclaims any responsibility to determine compliance with any applicable Governmental Regulations, building code or other standard for construction. The ARC shall not be responsible for reviewing any plans or specifications for structural safety, engineering soundness, or conformance with building or other codes, or other Governmental Regulations, nor shall the ARC's approval be deemed a verification of the structural safety, engineering soundness, or conformance of the Improvements to building or other codes, or other Governmental Regulations.

(f) **Procedures.** The Owner of a Lot shall submit all Required Plans to the ARC for approval in accordance with the requirements set forth in Exhibit C hereto. If plans submitted by any Owner are not sufficiently complete or are otherwise inadequate, the ARC may reject them as being inadequate or may approve or disapprove them in part, conditionally or unconditionally, and reject the balance, or may notify the Owner that additional documents or information is required. If the submitted plans are deemed to be inadequate or incomplete, the review period specified in Exhibit C hereto shall not commence until the ARC has received a complete set of the Required Plans.

(g) **Required Plans.** The initial Required Plans submittals are set forth in Exhibit C attached hereto and incorporated herein. Builders may submit their design plans as master design plans, which plans shall include all specifications, including exterior materials and colors that may be used when building each design. The Required Plans submittals are subject to review and revision by the ARC from time to time without further notice to any Owner or other person.

(h) **Variances.** The ARC shall have the right, but not the obligation, to grant Variances relative to deviations and infractions of this Declaration and/or the ADGs. Upon submission of a written request for a Variance, the ARC may, from time to time, in its sole discretion, permit an Owner to construct, erect or install an Improvement which is in variance from the covenants, restrictions or architectural standards which are provided in this Declaration or the ADGs. In any case, however, the Improvement with such Variance must, in the ARC's sole discretion, blend effectively with the general architectural style and design of the Subdivision and must not detrimentally affect the integrity of the Subdivision. All requests for Variances shall be in writing, shall be specifically indicated to be a request for Variance, and shall indicate with specificity the particular standard sought to be varied and the nature of the Variance requested. All requests for Variances shall be deemed to be disapproved if the ARC has not expressly approved such request in writing within thirty (30) days of the submission of such request. No member of the ARC shall be liable to any Owner or any other person for any claims, causes of action or damages arising out of the grant of any Variance to an Owner. Each request for a Variance submitted hereunder shall be reviewed independently, and the grant of a Variance to any one Owner shall not constitute a waiver of the ARC's right to deny a Variance to another Owner. The decisions of the ARC with respect to Variances shall be final and binding upon the applicant. All Variances, to be effective, must be in writing. Owners are advised that certain Variances may require the separate approval of the City or other applicable Governmental Authority.

(i) **Approval.** Upon approval of the Required Plans, an Approval Letter will be issued by the ARC, which shall set time constraints for both the commencement and completion of construction, which constraints shall be no less than ninety (90) days to commence construction and nine (9) months to complete construction after commencement. If construction fails to start before the designated commencement date or is not completed before the designated completion date, the approval of the Required Plans shall be deemed withdrawn. Plan approval shall be effective for twelve (12) months after issuance of the Approval Letter by the ARC. If no construction has been commenced within such twelve (12) month period, the plan approval shall expire, and Required Plans must be re-submitted to and approved by the ARC in accordance herewith prior to commencement of construction.

(j) **Failure to Act.** If the ARC fails to provide Owner with written notice of its decision within the applicable period specified in Exhibit C hereto, after submission by Owner of the Required Plans (subject to the ARC's rejection thereof and/or request for additional documents or information), it shall be conclusively presumed that the ARC has approved such plans; provided, however, that a deemed approval of any plan submittal shall not permit a violation of any of the terms of this Declaration, nor extend to any deviation from or alteration to the plans actually submitted or any Improvements or other plan details not included in the submitted plans, nor to any matter requiring a Variance.

(k) **Decisions Final.** All decisions of the ARC shall be final and binding, and there shall be no revisions of any action of the ARC except by procedure for injunctive relief when such action is patently arbitrary and capricious. In the event of construction of Improvements or threatened construction of Improvements in violation of this Declaration, any Owner, the Association, or Declarant may seek to enjoin such construction or seek other relief against the Owner or builder responsible therefore, provided that Owner shall first be given written notice of the perceived violation and the opportunity to remedy the violation prior to the filing of suit as provided herein.

(l) **Compliance Inspection.** The ARC, its agents, and/or professional consultants may, but are not required, to enter any Lot or the Improvements thereon to determine compliance with the requirements of this Declaration, the ADGs, or any other documents or approvals by the ARC. The ARC's agent may inspect those items reviewed by the ARC, including inspection for conformance to the site plan (grading and drainage), building plan, landscaping plan, and exterior design, colors and materials. Neither the

ARC, Association nor their members or agents shall be subject to any liability for trespass, other tort or damages, or claims in connection with or arising from such entry. If the ARC determines that significant field discrepancies exist, the ARC may notify the Owner of the nature and extent of the discrepancy. Written clarification must be supplied by Owner to the ARC within ten (10) working days of receipt of such notification. If clarification by the Owner is not forthcoming or is determined to be inadequate by the ARC, the ARC may at its sole discretion retain a private consultant for the purpose of obtaining an outside opinion. All reasonable professional fees and expenses associated with this procedure may be assessed by the ARC against and collected from the Owner.

(m) **Limitation of Liability.** Neither the Declarant, the Association, the ARC, nor any of the members, partners, officers, directors or agents thereof, shall be liable in damages or otherwise to anyone submitting plans and specifications for approval or to any Owner affected by this Declaration by reason of mistake of judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or to disapprove any plans and specifications or requests for Variance or for any damage or injury to property or other damage or loss arising out of the acts or omissions of the ARC, Declarant or Association.

(n) **Appointment of ARC Members.** The ARC shall be duly constituted and shall continue to function for the entire duration of this Declaration, including any extensions. During the Declarant Development Period, Declarant shall have the exclusive right to appoint the members of the ARC and to remove or add members and fill vacancies, which members need not be Owners or Members of the Association. Upon termination of the Declarant Development Period or such prior time as Declarant may elect in writing, the Association, acting through its Board of Directors, shall succeed to the powers of Declarant with respect to the ARC and shall thereafter have the right and obligation to appoint the members of the ARC. Upon such turnover of the ARC to the Association by the Declarant: (i) the Board of Directors of the Association shall appoint three (3) or more members to the ARC to replace the then existing members of the ARC, and from and after such turnover, each member of the ARC must also be an Owner and Member of the Association, and the ARC shall be under the jurisdiction of the Board of Directors and shall function as any other committee that may be formed by the Board.

(o) **Governmental Permits.** In addition to compliance with the covenants, conditions and restrictions and the requirement for ARC approval of all Required Plans as set forth in this Declaration, each prospective purchaser and Lot Owner is advised that each Lot Owner shall be responsible for obtaining all required permits prior to the commencement of construction or alteration of any Improvements on any Lot, including, without limitation, applicable permits issued by the City for construction work; demolition; roofing; curb cuts, driveway approaches and street cuts; gas, electric and plumbing facilities; installation of satellite dishes and similar appurtenances; tree trimming; fences and walls; sprinkler systems; and heating and air conditioning systems. All Improvements located, erected, constructed and installed upon any Lot shall conform to and be continuously maintained in accordance with all applicable Governmental Regulations.

5. **USE AND OTHER RESTRICTIONS; CONSTRUCTION AND DEVELOPMENT STANDARDS.** The Lots and all Improvements, and the use and development thereof are subject to the general use and other restrictions set forth in **Exhibit D** attached hereto and incorporated herein, and to the construction and development standards set forth in **Exhibit E** attached hereto and incorporated herein.

6. **ASSOCIATION.**

(a) **Establishment and Governance.** The Association is established by filing its Certificate of Formation and is governed by the Certificate of Formation, its Bylaws, and this Declaration.

(b) **Membership and Voting.** Every person or entity who is a record Owner of a fee or undivided interest in any Lot which is subject to the jurisdiction of and to assessment by the Association shall be a Member of the Association; provided, however, that any person or entity holding an interest in any such Lot or Lots merely as security for the performance of an obligation, shall not be a Member. Membership is appurtenant to and runs with the land. All duties and obligations set forth in this Declaration are the

responsibility of each Member. No waiver of use of rights of enjoyment created by this Declaration shall relieve Members or their successors or assigns of such duties or obligation. Members shall have one (1) vote per Lot. When more than one person holds such interest or interests in any Lot, all such persons shall be Members, and the vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one (1) vote be cast with respect to any such Lot. **NOTWITHSTANDING THE FOREGOING, DURING THE DECLARANT CONTROL PERIOD, DECLARANT AND EACH BUILDER MEMBER SHALL HAVE FIVE (5) VOTES PER LOT OWNED BY THEM.**

(c) **Powers.** The Association shall have all the powers of a Texas nonprofit corporation and a property owners association for the Subdivision under the Texas Business Organizations Code, the Texas Property Code and the Governing Documents. It shall further have the power to do and perform any and all acts that may be necessary or proper, for or incidental to, the exercise of any of the express powers granted to it by applicable law or this Declaration. The Board may adopt, and in its discretion, amend from time to time, or repeal and re-enact, such rules, regulations, and Bylaws not in conflict with this Declaration or the other Governing Documents or Applicable Law, as it deems proper, covering any and all aspects of the Subdivision, including the operation, maintenance and preservation thereof, or the Association.

(d) **Acceptance of Common Area.** The Association may acquire, hold, and dispose of any interest in tangible and intangible personal property and real property. The Declarant and its assignees may transfer or convey to the Association interests in real or personal property within or for the benefit of the Subdivision, or the Subdivision and the general public, and the Association shall accept such transfers and conveyances. Such property may be improved or unimproved and may consist of fee simple title, easements, leases, licenses, or other real or personal property interests. Such property shall be accepted by the Association and thereafter will be maintained as Common Areas by the Association at its expense for the benefit of the Subdivision and Owners and/or the general public, subject to any restrictions set forth in the deed or other instrument transferring or assigning such property to the Association, and on an AS IS, WHERE IS, WITH ALL FAULTS basis, without warranty, express or implied. Upon Declarant's written request, the Association will re-convey to Declarant any real property that the Declarant originally conveyed to the Association for no payment to the extent conveyed in error or needed to make minor adjustments in property lines.

(e) **Indemnification.** **TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW BUT WITHOUT DUPLICATION (AND SUBJECT TO) ANY RIGHTS OR BENEFITS ARISING UNDER THE GOVERNING DOCUMENTS, THE ASSOCIATION WILL INDEMNIFY ANY PERSON WHO WAS, OR IS, A PARTY, OR IS THREATENED TO BE MADE A PARTY TO ANY THREATENED, PENDING OR COMPLETED ACTION, SUIT OR PROCEEDING, WHETHER CIVIL, CRIMINAL, ADMINISTRATIVE OR INVESTIGATIVE, BY REASON OF THE FACT THAT HE IS, OR WAS, A DIRECTOR, OFFICER, COMMITTEE MEMBER, EMPLOYEE, SERVANT OR AGENT OF THE ASSOCIATION, AGAINST EXPENSES, INCLUDING ATTORNEYS' FEES, COURT AND OTHER COSTS REASONABLY INCURRED BY HIM IN CONNECTION WITH SUCH ACTION, SUIT OR PROCEEDING, IF IT IS FOUND AND DETERMINED BY THE BOARD OR A COURT THAT HE (1) ACTED IN GOOD FAITH AND IN A MANNER HE REASONABLY BELIEVED TO BE IN, OR NOT OPPOSED TO, THE BEST INTERESTS OF THE ASSOCIATION, OR (2) WITH RESPECT TO ANY CRIMINAL ACTION OR PROCEEDING, HAS NO REASONABLE CAUSE TO BELIEVE THAT HIS CONDUCT WAS UNLAWFUL.**

THE BOARD MAY PURCHASE AND MAINTAIN, AT THE EXPENSE OF THE ASSOCIATION, INSURANCE ON BEHALF OF ANY PERSON WHO IS ACTING AS A DIRECTOR, OFFICER, COMMITTEE MEMBER, EMPLOYEE, SERVANT OR AGENT OF THE ASSOCIATION AGAINST ANY LIABILITY ASSERTED AGAINST HIM OR INCURRED BY HIM IN ANY SUCH CAPACITY, OR ARISING OUT OF HIS STATUS OF SUCH, WHETHER OR NOT THE ASSOCIATION WOULD HAVE THE POWER TO INDEMNIFY HIM AGAINST SUCH LIABILITY OR OTHERWISE.

(f) **Control of Association.** Upon termination of the Declarant Control Period or such prior time as Declarant may elect in writing, the Owners may be required to take over the management of the Association and relieve Declarant of all duties associated therewith. Upon such turnover by Declarant,

the Owners within the Subdivision will be required to choose their own Board of Directors to represent them and to manage the Association in accordance with the terms and conditions of this Declaration and to establish any and all bylaws, procedures and other management devices by which the Association shall operate. After turnover, any Board Members/Directors must be Owners within the Subdivision. Notwithstanding anything to the contrary, until such turnover has taken place, the management of the Association shall be by Declarant and/or its agents and representatives, and any expenses incurred in such management shall be reimbursed to Declarant by the Association, including, without limitation, the cost of Declarant and/or its agents and representatives for the time spent in the management of the Association. **FROM AND AFTER THE TIME OF SUCH TURNOVER, THE ASSOCIATION SHALL INDEMNIFY AND HOLD DECLARANT HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS OR DAMAGES OF EVERY KIND ARISING OUT OF THE OPERATIONS OF THE ASSOCIATION AND THE DEVELOPMENT AND OPERATION OF THE COMMON AREAS.**

(g) **Books and Records.** The books, records and papers of the Association shall, upon written request and by appointment, during normal business hours, be subject to inspection by any Member, pursuant to a Records Production and Copying Policy adopted by the Association.

(h) **Mergers.** Upon a merger or consolidation of the Association with another association, the Association's properties, assets, rights and obligations may be transferred to another surviving or consolidated association or, alternatively, the properties, assets, rights and obligations of another association may be transferred to the Association as a surviving corporation or to a like organization or governmental agency. The surviving or consolidated association shall administer any restrictions together with any declarations of covenants, conditions and restrictions governing these and any other properties, under one administration. No such merger or consolidation shall cause any revocation, change or addition to this Declaration.

7. **ASSESSMENTS.**

(a) **Assessments.**

(1) The Association may levy Assessments to promote the health, safety, welfare and recreation of the residents in the Subdivision; to fund operating expenses of the Association; to improve and maintain the Common Areas; to pay dues, assessments and fees owing to FORHA; and for any other purpose permitted by Applicable Law. Assessments established by the Board of the Association will be levied against each Lot except for the Exempt Property in accordance with **Section 7(d)** herein, and in amounts determined by the Board pursuant to **Section 7(b)** and/or **Section 7(c)** herein.

(2) Each Assessment together with such interest thereon and costs of collection as hereinafter provided, will be the personal obligation of the Owner of the Lot against which the Assessment is levied and will be secured by a continuing vendor's lien on each Lot, which lien is reserved by Declarant and assigned to the Association. The Association may enforce payment of such Assessments in accordance with this Declaration. By acceptance of a deed to a Lot, each Owner grants the lien, together with the power of sale, to the Association to secure Assessments.

(3) Declarant may, but is not obligated, to reduce Assessments which would otherwise be levied against Lots for any fiscal year by the payment of a subsidy to the Association. Any subsidy paid to the Association by the Declarant may be treated as a contribution or a loan, in the Declarant's sole and absolute discretion. Any subsidy and the characterization thereof will be disclosed as a line item in the annual budget prepared by the Board and attributable to such Assessments. The payment of a subsidy in any given year will not obligate the Declarant to continue payment of a subsidy to the Association in future years.

(4) The Board will establish one or more maintenance funds into which will be deposited all monies paid to the Association and from which disbursements will be made in performing the functions of the Association under this Declaration. The funds of the Association must be used solely for purposes authorized by this Declaration, as it may from time to time be amended.

(b) **Annual Assessment.** Prior to the beginning of each fiscal year, the Board will estimate the expenses to be incurred by the Association during such year in performing its functions and exercising its powers under this Declaration, including but, not limited to, the cost of all management, repair and maintenance, the cost of providing street and other lighting, the cost of administering and enforcing the covenants and restrictions contained herein, and any dues, assessments and fees owing to FORHA, and will estimate the amount needed to maintain a reasonable provision for contingencies and an appropriate replacement reserve, and will give due consideration to any expected income and any surplus from the prior year's fund. Assessments sufficient to pay such estimated net expenses will then be levied at the level of Assessments set by the Board in its sole and absolute discretion, and the Board's determination will be final and binding so long as it is made in good faith. If the sums collected prove inadequate for any reason, including nonpayment of any individual Assessment, the Association may at any time, and from time to time, levy further Annual Assessments in the same manner. All such regular Annual Assessments will be due and payable to the Association at the beginning of the fiscal year or during the fiscal year in equal monthly installments on or before the first day of each month, or in such other manner as the Board may designate in its sole and absolute discretion. At the Board's sole and absolute discretion, the maximum regular Annual Assessments permitted hereunder may be increased by no more than ten percent (10%) per year, unless approved by at least fifty percent (50%) of the Members who are voting in person or by proxy at a meeting duly called for such purpose in accordance with the Bylaws.

(c) **Special Assessments.** In addition to the regular Annual Assessments provided for herein, the Board may levy Special Assessments against the Lots (except for the Exempt Property) to enable the Board to carry out the mandatory functions of the Association under this Declaration, the construction, repair, replacement or improvement of the Common Areas and any capital improvement thereon, or for any other purpose requiring funds exceeding those available from the Annual Assessments. The amount of any Special Assessments will be at the reasonable discretion of the Board. All special Assessments levied hereunder shall require the approval of at least fifty percent (50%) of the Members at a meeting called for that purpose by written notice provided to each Member and in accordance with the Bylaws.

(d) **Amount of Assessment.**

(1) Assessments levied pursuant to **Section 7(b)** and **Section 7(c)** will be levied uniformly against the Lots, except for the Exempt Property specified in **Subsection (j)** herein, and as expressly set forth in **Subsection (2)** below.

(2) Notwithstanding anything herein contained to the contrary, except for the Exempt Property specified in **Subsection (j)** herein, all Unimproved Property (as herein defined) shall be assessed at the rate of twenty-five percent (25%) of the rate established for the Annual Assessments and Special Assessments hereunder from time to time. For purposes hereof, "Unimproved Property" means those portions of the Subdivision on which construction of a Living Unit has not been completed (and occupied for residential purposes, if the Owner of the Lot is Declarant or a Builder). From and after the date of completion of construction of a Living Unit on a Lot (and occupation of such Living Unit for residential purposes if the Owner of such Lot is Declarant or a Builder), the Lot shall be assessed at the full rate established for the Annual and Special Assessments hereunder. Any approval required of Owners pursuant to **Sections 7(b)** and **7(c)** herein with respect to the Assessments shall mean only those Owners of Property subject to the full rate for Assessments, and shall not include any Owners of Unimproved Property.

(e) **Late Charges.** If any Assessment, whether Annual or Special, is not paid by the due date applicable thereto, the Owner responsible for the payment may be required by the Board, at the Board's election at any time and from time to time, to pay a late charge in such amount as the Board may designate, and the late charge (and any reasonable handling costs) will be a charge upon the Lot owned by such Owner, collectible in the manner as provided for collection of Assessments, including foreclosure of the lien against such Lot; provided, however, such charge will never exceed the maximum charge permitted under applicable law.

(f) **Owner's Personal Obligation for Payment of Assessments.** To the fullest extent permitted by Applicable Law, Assessments levied as provided for herein will be the personal and individual debt of the Owner of the Lot against which such Assessments are levied. No Owner may exempt himself from liability for such Assessments. In the event of default in the payment of any such Assessment, the Owner of the Lot will be obligated to pay interest on the amount of the Assessment at the highest rate allowed by applicable usury laws then in effect on the amount of the Assessment from the due date therefore (or if there is no such highest rate, then at the rate of 1½% per month), together with all costs and expenses of collection, including reasonable attorneys fees, court and other costs.

(g) **Assessment Lien and Foreclosure.** The payment of all sums assessed in the manner provided in this **Section 7** is, together with late charges as provided in **Section 7(e)** and interest as provided in **Section 7(f)** herein and all costs of collection, including attorney's fees, court and other costs as herein provided, secured by the continuing Assessment lien granted to the Association pursuant to **Section 7(a)(2)** above, and will bind each Lot in the hands of the Owner thereof, and such Owner's heirs, devisees, personal representatives, successors or assigns. The aforesaid lien will be superior to all other liens and charges against such Lot, except only for tax liens and all sums secured by a lien granted by the Owner against the Lot not prohibited by the Texas Constitution and other Applicable Law, provided such Mortgage was recorded in the Real Property Records of Bexar County, Texas, before the delinquent Assessment was due. The Association will have the power to subordinate the aforesaid Assessment lien to any other lien. Such power will be entirely discretionary with the Board, and such subordination may be signed by an officer of the Association. The Association may, at its option and without prejudice to the priority or enforceability of the Assessment lien granted hereunder, prepare a written notice of Assessment lien setting forth the amount of the unpaid indebtedness, the name of the Owner of the Lot covered by such lien and a description of the Lot. Such notice may be signed by one of the officers of the Association and will be recorded in the Real Property Records of Bexar County, Texas.

Each Owner, by accepting a deed or ownership interest to a Lot subject to this Declaration will be deemed conclusively to have granted a power of sale to the Association to secure and enforce the Assessment lien granted hereunder. Foreclosure of the Association's Assessment lien, and all prerequisite procedures, must comply with at least the minimum requirements of Applicable Law for foreclosures in general, and for foreclosures by property owners associations, in particular. To the extent permitted by Applicable Law, the Assessment lien may be foreclosed by judicial or nonjudicial methods. A nonjudicial foreclosure sale must be conducted in accordance with the provisions applicable to the exercise of powers of sale as set forth in Section 51.002 of the Texas Property Code, or in any manner permitted or not prohibited by Applicable Law, and must comply with any prerequisites required by Applicable Law. In any foreclosure, the Owner is required to pay the Association's costs and expenses for the proceedings, including reasonable attorneys' fees, subject to any limitations of Applicable Law. The Assessment liens and rights to foreclosure thereof will be in addition to and not in substitution of any other rights and remedies that the Association may have by Applicable Law and under this Declaration, including the right to institute suite against such Owner if and to the fullest extent permitted by Applicable Law. The Association will have the power to bid (in cash or by credit against the amount secured by the lien) on the property at foreclosure or other legal sale and to acquire, hold, lease, mortgage, convey or otherwise deal with the same. Upon the written request of any Mortgagee, the Association will report to said Mortgagee any unpaid Assessments remaining unpaid for longer than thirty (30) days after the same are due. The lien hereunder will not be affected by the sale or transfer of any portion of any Lot; except, however, that in the event of foreclosure of any first-lien Mortgage securing indebtedness incurred to acquire such Lot, the lien for any Assessments that were due and payable before the foreclosure sale will be extinguished, provided that past-due Assessments will be paid out of the proceeds of such foreclosure sale only to the extent that funds are available after the satisfaction of the indebtedness secured by the first lien Mortgage. The provisions of the preceding sentence will not, however, relieve any subsequent Owner (including any Mortgagee or other purchaser at a foreclosure sale) from paying Assessments becoming due and payable after the foreclosure sale. Upon payment of all sums secured by a lien of the type described in this **Section**, the Association will upon the request of the Owner execute a release of lien relating to any lien for which written notice has been filed as provided above, except in circumstances in which the Association has already foreclosed such lien. Such release will be signed by an officer of the Association. Except as otherwise provided by Applicable Law, the sale or transfer of a Lot will not relieve

the Owner of such Lot or such Owner's transferee from liability for any Assessments thereafter becoming due or from the lien associated therewith. If an Owner conveys its Lot and on the date of such conveyance Assessments against the Lot remain unpaid, or said Owner owes other sums or fees under this Declaration to the Association, the Owner will pay such amounts to the Association out of the sales price of the Lot, and such sums will be paid in preference to any other charges against the Lot other than a first lien Mortgage or assessment liens and charges in favor of the State of Texas or a political subdivision thereof for taxes on the Lot which are due and unpaid. To the fullest extent permitted by Applicable Law, the Owner conveying such Lot will remain personally liable for all such sums until the same are fully paid, regardless of whether the transferee of the Lot also assumes the obligation to pay such amounts. The Board may adopt an administrative transfer fee to cover the administrative expenses associated with updating the Association's records upon the transfer of a Lot to a third party; provided, however, that no administrative fee will be due upon the transfer of a lot from Declarant to a third party.

(h) **Fines and Damages Assessment.** The Board may assess fines against an Owner for violations of any Covenants set forth in this Declaration or any other violation of the Governing Documents, which have been committed by an Owner, an Occupant of the Owner's Lot, or the Owner or Occupant's family, guests, employees, contractors, agents or invitees, as permitted by Applicable Law. Any fine and/or charge for damage levied in accordance with this **Section** will be considered an Assessment pursuant to this Declaration. Each day of violation may be considered a separate violation if the violation continues after written notice to the Owner. The Board may assess damage charges against an Owner for pecuniary loss to the Association from property damage or destruction of any Common Area or any facilities owned or maintained by the Association. The Manager will have authority to send notices to alleged violators, informing them of their violations and asking them to comply with the rules and/or informing them of potential or probable fines or damage assessments. The Board may from time to time adopt a schedule of fines.

The payment of each fine and/or damage charge levied by the Board against the Owner of a Lot is, together with interest as provided in **Section 7(f)** herein and all costs of collection, including attorney's fees as herein provided, secured by the lien granted to the Association pursuant to **Section 7(a)(2)** of this Declaration. Unless otherwise provided in this **Section**, the fine and/or damage charge will be considered an Assessment for the purpose of this **Section 7**, and will be enforced in accordance with the terms and provisions governing the enforcement of Assessments pursuant to this **Section 7**.

(i) **Working Capital Assessment.** In addition to the other Assessments provided herein, at closing of the conveyance of each Lot by Declarant or any Builder to an Owner other than Declarant or a Builder, or any affiliate of Declarant, the Owner shall pay to the Association a fee in the amount of \$500.00 per Lot ("Working Capital Assessment") to be applied by the Association from time to time and in its discretion for any working capital requirements of the Association. The Working Capital Assessment shall not constitute any advance payment of any other Assessments payable hereunder or a measure of damages in case of default by an Owner and shall be non-refundable to Owner in all events. Declarant is not required to pay the Working Capital Assessment for any Lot owned by Declarant or any affiliate of Declarant, or with respect to any Lot for which the Working Capital Assessment was not paid by an Owner at closing of the conveyance of the Lot. The payment of the Working Capital Assessment is, together with interest as provided in **Section 7(f)** herein and all costs of collection, including attorney's fees as herein provided, secured by the lien granted to the Association pursuant to **Section 7(f)(2)** of this Declaration. The Working Capital Assessment will be considered an Assessment for purposes of this **Section 7**, and will be enforced in accordance with the terms and provisions governing the enforcement of Assessments pursuant to this **Section 7**.

(j) **Exempt Property.** The following Property will be exempt from the Assessments, charges and liens created herein (collectively, the "Exempt Property"):

(a) All area dedicated and accepted by Governmental Authority, by recordation of an appropriate document in the Real Property Records of Bexar County, Texas;

(b) The Common Areas;

(c) Portions of the Subdivision designated for common use, greenbelts, common areas, recreation facilities, or otherwise designated as non-developable property by the Association and/or portions of the Property owned by the Association; and

(d) Any portion of the Subdivision owned by Declarant;

The Owners of the Exempt Property will not be liable for Assessments, charges or liens which would otherwise be attributable to such property.

8. **COMMON AREAS, STREETS, SECURITY AND OTHER MATTERS.**

(a) **Mortgage and Conveyance of Common Areas.** After the Declarant Control Period, Common Areas owned by the Association shall not be mortgaged or conveyed by the Association without the prior approval of fifty percent (50%) of the Owners. If ingress or egress to any Lot is through the Common Areas, any mortgage or conveyance of the Common Areas by the Association shall be subject to an easement of ingress and egress for the Owner of such Lot(s). Ownership of all or any portion of the Common Areas will be transferred to the Association, free of encumbrance other than as provided herein, at a time deemed appropriate by the Declarant. Nothing herein shall be construed as requiring Declarant to construct improvements upon the Common Areas.

(b) **Appearance of the Common Areas.** Areas of the Development are intended to retain a "natural" appearance, as compared to a "manicured" appearance. Accordingly, Common Areas may be seeded with vegetation which is indigenous to South and Central Texas, and are to be maintained in accordance with the natural cycle of such indigenous vegetation.

(c) **Members' Easements of Enjoyment.** In consideration for payment of Assessments, every Member shall have a common right and easement of enjoyment in and to the Common Areas and such right and easement shall be appurtenant to and shall pass with the title to every Lot, subject to the terms and conditions set forth herein and in the other Governing Documents.

(d) **Extent of Members' Easements.** The rights and easements of enjoyment created hereby shall be subject to the following:

(1) The rights and easements existing or hereafter created in favor of others as provided for in the Subdivision Plat and/or in this Declaration.

(2) The rights of the Association to do the following:

(i) Borrow money for the purpose of constructing or improving the Common Areas and, in aid thereof, to mortgage said Common Areas and facilities, in accordance with the Governing Documents;

(ii) Take such steps as are reasonably necessary to protect the Common Areas against foreclosure;

(iii) Enter into one or more contracts or agreements for the maintenance or improvement of the Common Areas;

(iv) Charge reasonable admission and other fees for the use of recreational facilities situated on the Common Areas, and if an Owner does not pay these fees, the Owner may not use the recreational facilities;

(v) Suspend an Owner's rights under the Governing Documents;

(vi) Grant Easements approved by the Board over the Common Areas for utility, drainage, or other purposes; and

(vii) Dedicate or convey any of the Common Areas for public purposes, on approval by a vote of a majority of the aggregate votes of Members at a meeting in accordance with the Bylaws.

(3) An Owner's right to use and enjoy the Common Areas extends to the Owner's family, guests, agents, and invitees, subject to the Governing Documents.

(4) An Owner may not erect or alter any Improvements on, or clear, landscape, or disturb, any Common Areas except as approved by the Board.

(e) **Streets.** Streets within the Subdivision shall be private and shall be owned and maintained by the Association. Declarant and/or its contractor warrants the construction of the streets for a period of one year from completion of the street as verified by the project engineer engaged by Declarant. Maintenance beyond the one year warranty period is the responsibility of the Association. Each prospective Lot Owner should carefully note the width of the paved portion of the streets, the proximity of trees to the pavement, and the location of trees within various esplanades. In purchasing a Lot, the Owner specifically assumes the risk for himself, his family, employees, guests, contractors and all other invitees of driving in narrow streets bordered closely by trees and agrees to do so in a safe manner. Each prospective Lot Owner also is notified that the drainage ditches, culverts and other drainage facilities within the Subdivision are owned by the Association. Each prospective Lot Owner should carefully note the location of the facilities and avoid unsafe conduct in those areas.

The Board of Directors may make reasonable rules and regulations governing access to the Subdivision and the use of Subdivision streets, including parking, and may proscribe such penalties, as it determines reasonable and necessary to promote safety within the Subdivision. In the event an Owner or Owner's family member or guest repeatedly violates such rules or fails to operate a motorized vehicle at or below the posted maximum rate of speed and in a safe, reasonable and prudent manner on the private streets within the Subdivision, such person may be subject to such penalties, including, but not limited to fines and/or the temporary suspension of such person's right to traverse the private streets within the Subdivision via motorized vehicle for a period not to exceed thirty (30) days.

The Board may make such other and further rules regarding notification of safety infractions, proof of safety infractions and/or enforcement of the penalties as may be reasonably necessary to give effect to this **Section**. In the event speed and traffic control in the Subdivision are assumed by the City or by some other public agency having the authority to issue penalties for infractions thereof, the penalties prescribed herein may not be imposed in addition to the penalties imposed by said public entity.

(f) **Entry Gate.** Vehicular access to the Subdivision will be provided through a controlled entry gate to be maintained by the Association. Absent Declarant's written consent to the contrary, the Subdivision entry gate, when constructed, shall be kept open to the public during daylight hours (or from 6:30 a.m. to 7:00 p.m., whichever is longer) until six (6) months following the closing and funding of the sale of the last Lot (improved with a residence) owned by Declarant and the Builders within the Subdivision and future phases of development annexed to the jurisdiction of the Association. This right of entry is to permit access to Lots by prospective new home purchasers and builders to complete construction of homes.

(g) **Security.** The Association is not a provider of any security, and Owners must provide their own security for their home, improvements, and personal property within the Subdivision.

NEITHER THE ASSOCIATION, ITS DIRECTORS, OFFICERS, COMMITTEE MEMBERS, MANAGERS, AGENTS, OR EMPLOYEES, NOR THE DECLARANT, NOR ANY SUCCESSOR DECLARANT SHALL IN ANY WAY BE CONSIDERED AN INSURER OR GUARANTOR OF SECURITY WITHIN THE SUBDIVISION. NEITHER SHALL THE ASSOCIATION, ITS DIRECTORS, OFFICERS, COMMITTEE MEMBERS, MANAGERS, AGENTS, OR EMPLOYEES, DECLARANT OR SUCCESSOR DECLARANT BE HELD LIABLE FOR ANY LOSS OR DAMAGE BY REASON OF FAILURE TO PROVIDE ADEQUATE SECURITY OR INEFFECTIVENESS OF SECURITY MEASURES UNDERTAKEN. ALL OWNERS AND OCCUPANTS OF ANY LOT ACKNOWLEDGE THAT THE ASSOCIATION, ITS BOARD OF DIRECTORS, OFFICERS, COMMITTEE MEMBERS, MANAGERS, AGENTS, OR EMPLOYEES,

DECLARANT OR ANY SUCCESSOR DECLARANT DO NOT REPRESENT OR WARRANT THAT ANY FIRE PROTECTION OR BURGLAR ALARM SYSTEMS OR OTHER SECURITY SYSTEMS WILL PREVENT LOSS BY FIRE, SMOKE, BURGLARY, THEFT, HOLD-UP OR OTHERWISE, NOR THAT FIRE PROTECTION OR BURGLAR ALARM SYSTEMS OR OTHER SECURITY SYSTEMS WILL IN ALL CASES PROVIDE THE DETECTION OR PROTECTION FOR WHICH THE SYSTEM IS DESIGNED OR INTENDED. EACH OWNER AND OCCUPANT OF ANY LOT ACKNOWLEDGES AND UNDERSTANDS THAT THE ASSOCIATION, ITS DIRECTORS, OFFICERS, COMMITTEE MEMBERS, MANAGERS, AGENTS, OR EMPLOYEES, DECLARANT OR ANY SUCCESSOR DECLARANT ARE NOT INSURERS AND THAT EACH OWNER AND OCCUPANT OF ANY LOT, LIVING UNIT OR IMPROVEMENT ASSUMES ALL RISKS FOR LOSS OR DAMAGE TO PERSONS, TO LIVING UNITS AND IMPROVEMENTS AND TO THE CONTENTS OF LIVING UNITS AND IMPROVEMENTS AND FURTHER ACKNOWLEDGES THAT THE ASSOCIATION, ITS DIRECTORS, OFFICERS, COMMITTEE MEMBERS, MANAGERS, AGENTS, OR EMPLOYEES, DECLARANT OR ANY SUCCESSOR DECLARANT HAVE MADE NO REPRESENTATIONS OR WARRANTIES NOR HAS ANY OWNER OR OCCUPANT RELIED UPON ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, RELATIVE TO ANY FIRE AND/OR BURGLAR ALARM SYSTEMS OR OTHER SECURITY SYSTEMS RECOMMENDED OR INSTALLED OR ANY SECURITY MEASURES UNDERTAKEN WITHIN THE SUBDIVISION.

(h) **View Impairment.** Neither Declarant nor the Association guarantee or represent that any view over and across the Lots, Common Areas, or other space within the Subdivision will be preserved without impairment. Neither Declarant, the Association, nor the ARC shall have any obligation to relocate, prune, or thin trees or shrubs on the Common Areas. The Association shall have the right to add trees and other landscaping to the Common Areas. There shall be no express or implied easements for view purposes or for the passage of light and air.

(i) **Video, Data and Communication Service Agreements.** Subject to the approval of Declarant during the Declarant Control Period, the Association has or may hereafter enter into an agreement with a service provider for the provision of cable television and/or other communication services in order to obtain access to benefits and services for the benefit of Owners and Living Units located in the Subdivision. Payment for services and benefits provided pursuant to video, data and/or communication service agreements executed pursuant to this provision will be made from Assessments levied and collected by the Association pursuant to the authority granted in **Section 7** herein, and such Assessments shall be supported by the Assessment lien created herein. While Owners are free to obtain the same or similar services from a provider of their choice, no Owner may avoid paying any portion of Assessments levied based on non-use of video, data or communication services provided and paid for by the Association with Assessments.

(j) **Transfer of Title; Resale Certificate.**

(i) **Transfer of Title:** Any Owner, other than Declarant, desiring to sell or otherwise transfer title to a Lot shall give the Board at least seven (7) days prior written notice of the name and address of the purchaser or transferee, the date of such transfer of title, and such other information as the Board may reasonably require. The person, other than Declarant, transferring title shall continue to be jointly and severally responsible with the person accepting title for all obligations of the Owner, including Assessment obligations, until the date upon which the Board receives such notice, notwithstanding the transfer of title.

Upon acceptance of title to a Lot, the new Owner of the Lot shall pay to the Association an administrative transfer fee to cover the administrative expenses associated with updating the Association's records, which transfer fee is supported by the Assessment lien created herein. Such fees shall be in such amount as the Board may reasonably determine necessary to cover its costs, including but not limited to, fees charged by a management company retained by the Association for updating its records.

(ii) **Resale Certificate:** No Owner, other than Declarant, shall transfer title to a Lot, together with the improvements thereon, unless and until such Owner has requested and obtained a resale certificate signed by a representative of the Association as prescribed in Chapter 207 of the Texas Property Code, or its successor statute ("Resale Certificate") indicating, in addition to all other matters prescribed in Chapter 207, the information required in Section 5.012 of the Texas Property Code. The Association may charge a reasonable fee to prepare, assemble, copy, and deliver a Resale Certificate and accompanying information and any update to a Resale Certificate, which charge is supported by the Assessment lien created herein.

9. **GOVERNMENTAL REQUIREMENTS.**

(a) **Compliance.** All Improvements located, erected, constructed and installed upon any Lots and all activities of the Owners, their tenants, invitees, agents, employees and contractors on or about the Subdivision, shall conform to and comply with all applicable Governmental Regulations, including, without limitation, all building code, subdivision and zoning requirements of the City.

(b) **Precedence Over Less Stringent Governmental Regulations.** If the covenants, conditions and restrictions set forth in this Declaration set or establish minimum standards or limitations or restrictions on use in excess of any Governmental Regulations, the covenants, conditions and restrictions set forth in this Declaration shall take precedence and prevail over any less stringent Governmental Regulations. Similarly, when any Governmental Regulations are more stringent than those set forth in this Declaration, the more stringent Governmental Regulations shall control.

(c) **Remedies of the Declarant, the Association and the ARC.** By acceptance of a deed to a Lot, each Owner agrees that Declarant, the Association and the ARC shall each have the right to enter upon any Lot on which one or more conditions or activities prohibited by Governmental Authority is maintained, or on which there has been a failure to perform any act required by Governmental Authority, for the purpose of curing any such violation, provided that the Owner has been given five (5) days prior written notice and has failed to remedy the violation within such time. **EACH OWNER INDEMNIFIES AND HOLDS HARMLESS DECLARANT, THE ASSOCIATION AND THE ARC FROM ALL COST AND EXPENSE OF ANY SUCH CURATIVE ACTION AND ANY COST OR EXPENSE OR PENALTIES OR FINES LEVIED BY ANY GOVERNMENTAL AUTHORITY AS A RESULT OF THE ACT OR FAILURE TO ACT OF THE OWNER WITH RESPECT TO ITS LOT(S) OR THE SUBDIVISION. THE FOREGOING REMEDY SHALL BE CUMULATIVE OF ALL OTHER REMEDIES FOR VIOLATIONS OF PROVISIONS OF THIS DECLARATION.**

(d) **Additional Obligations.** By acceptance of a deed to a Lot, or by initiating construction of Improvements to a Lot, each Owner assumes responsibility for complying with all certifications, permitting, reporting, construction, and procedures required under all applicable Governmental Regulations, including, but not limited to those promulgated or issued by the Environmental Protection Agency and related to Storm Water Discharges from Construction Sites (see Federal Register, Volume 57, No. 175, Pages 41176 *et seq.*), and with the responsibility of ascertaining and complying with all regulations, rules, rulings, and determinations of the Texas Commission on Environmental Quality (TCEQ), related to each Lot, including, without limitation, the provisions of Chapters 325 and 331, Texas Administrative Code, and any specific rulings made pursuant to the terms thereof. Each Owner is further advised that the Subdivision and Lots lie within the area classified as the Edwards Aquifer Contributing Zone and as such are subject to the rules and regulations of agencies of the State of Texas, including TCEQ, in addition to the ordinances of the City and statutes, or regulations affecting the Subdivision enacted by other Governmental Authority. Owners are advised that such requirements and prohibitions may relate to the types of pesticides and fertilizers which may be used, minimum topsoil requirements, inspection of sewer laterals prior to covering, and criteria standards for sewer pipe, among other matters. In addition to the foregoing, each Owner is required to abide by and comply with all of the terms of that certain Contributing Zone Plan (CZP) recorded in Volume 15442, Page 1199, Real Property Records of Bexar County, Texas. A copy of the CZP may be obtained from Declarant or the Association, **OWNERS ARE ALERTED THAT THE CZP CONTAINS RESTRICTIONS APPLICABLE TO THE LOTS.** The foregoing references are made for the benefit of Owner and do not in any way limit the terms and

requirements of this covenant and the requirement that all Owners and contractors comply with all Governmental Regulations, and any plan required by such Governmental Regulations, such as a Storm Water Pollution Plan, affecting each Lot and construction site with which they are associated, including delivery to Declarant of a certification of understanding relating to any applicable TPDES permit prior to the start of construction. **EACH OWNER, BY ACCEPTANCE OF A DEED TO A LOT AND EACH BUILDER AND CONTRACTOR, BY UNDERTAKING THE MAKING OF IMPROVEMENTS TO A LOT, AGREES TO HOLD HARMLESS, DEFEND AND INDEMNIFY DECLARANT FROM AND AGAINST ALL COST (INCLUDING REASONABLE ATTORNEYS FEES AND COURT AND OTHER COSTS), LOSS, LIABILITIES, FINES, PENALTIES OR DAMAGE OCCASIONED BY THE FAILURE TO ABIDE BY ANY APPLICABLE GOVERNMENTAL REGULATIONS RELATED TO THE LOT AND/OR THE SUBDIVISION.**

(e) **VA/FHA Approval.** Absent Declarant's written waiver, during the Declarant Control Period, the following actions will require the prior approval of the Federal Housing Administration and/or the Veterans Administration:

- (1) annexation of property other than within the Annexation Area;
- (2) dedication of additional Common Areas; and
- (3) amendment of this Declaration other than pursuant to **Section 14(b)** herein.

10. **EASEMENTS.**

(a) **Subdivision Plat.** The Subdivision Plat creates for use as such, certain private streets and Easements shown thereon, and further establishes certain dedications, limitations, reservations and restrictions applicable to the Subdivision. All dedications, limitations, restrictions and reservations shown on the Subdivision Plat and all matters of record in the Official Records of Bexar County, Texas affecting the Subdivision are incorporated herein and made a part hereof as if fully set forth herein, and shall be construed as being adopted in each and every contract, deed or conveyance executed or to be executed by or on behalf of Declarant, conveying said property or any part thereof.

(b) **Reserved Easements.** All dedications, limitations, restrictions and reservations shown on any plat covering all or any portion of the Subdivision, and all grants and dedications of Easements, rights-of-way, restrictions, and related rights made by Declarant prior to the Subdivision becoming subject to this Declaration, are incorporated herein by reference and made a part of this Declaration for all purposes, as if fully set forth herein, and shall be construed as being adopted in each and every contract, deed or conveyance executed or to be executed by or on behalf of Declarant conveying any part of the Subdivision. Further, Declarant hereby creates, declares, grants and reserves for the benefit of Declarant, the Association, applicable Governmental Authority, and all Owners and any public or private providers of utility services to the Subdivision and their respective successors and assigns, a nonexclusive Easement for utility purposes over, under, within and upon other easement areas shown on the plats of the Subdivision or in instruments recorded in the Official Records of Bexar County, Texas, as amended, from time to time, for the purposes of constructing, installing, inspecting, maintaining, repairing and replacing from time to time any and all utility lines, systems and facilities from time to time deemed necessary or appropriate by Declarant for development of the Subdivision. Further, Declarant reserves the right, and all Owners agree to cooperate, to grant, dedicate, reserve or otherwise create, at any time or from time to time, rights-of-way and easements for public utility purposes (including, without limitation, gas, water, electricity, telephone, fiber optics, sanitary, sewer and drainage), across any Lot or on any portion of the Subdivision as is necessary or efficient to supply all utilities to all Lots.

(c) **Drainage Easements.** Easements for drainage throughout the Subdivision are identified and reserved as shown on the Subdivision Plat (collectively, the "Drainage Easements"). No Owner of any Lot in the Subdivision may perform or cause to be performed any act which would alter or change the course of such Drainage Easements in a manner that would divert, increase, accelerate or impede the flow of water over and across the Drainage Easements. More specifically, and without limitation, no Owner may:

(1) Alter, change or modify the existing natural vegetation or design of the Drainage Easements in a manner that changes the character of the design or original environment of such Drainage Easements;

(2) Alter, change or modify the existing configuration of the Drainage Easements, or fill, excavate or terrace such easements or remove trees or other vegetation therefrom without the prior written approval of the ARC;

(3) Construct, erect or install a fence or other structure of any type or nature within or upon such Drainage Easement; provided, however, that fences may be permitted in the event the proper openings are incorporated therein to accommodate the flow of water over said easement as determined by a qualified engineer and the appropriate Governmental Authority authorizes the construction;

(4) Permit storage, either temporary or permanent, of any type upon or within such Drainage Easements; or

(5) Place, store or permit to accumulate trash, garbage, leaves, limbs or other debris within or upon the drainage easements, either on a temporary or permanent basis.

On any Lot adjoining a greenbelt and/or Drainage Easement, the Owner, builder, contractor and all subcontractors shall be responsible for keeping all drainage areas and drainage easements free of construction materials, debris, equipment or other material which might impair the drainage or flow of water within such areas, including the construction and maintenance of outlets within any perimeter fence abutting a Drainage Easement. Any landscaping or vegetation (including trees and grass) within such areas altered or damaged during the construction process shall be replaced by the Lot Owner at such Owner's expense to the satisfaction of the ARC, Association or Declarant. All vegetation within the greenbelt and/or Drainage Easement will be maintained in its natural state and at no time will the taking of trees be allowed, unless it is determined by the Declarant and/or Association that it is in the best interest of safety or when constructing or improving the areas for the benefit of the Subdivision. The Association will be allowed to contract for the basic maintenance and clearing of greenbelts and Drainage Easements as needed and shall have an easement upon and across all adjacent Lots to perform such services.

The Grading Plan has been prepared for the Subdivision and is maintained by Declarant at its offices. By acceptance of a deed to any Lot, each Owner covenants and agrees to ensure that its Lot is graded and maintained in accordance with such Grading Plan and that the drainage of such Lot is maintained in accordance with such Grading Plan upon construction of any Improvements on the Lot. Each Owner shall maintain safe and adequate drainage within and across his Lot and no Owner shall construct or maintain any Improvements or permit any condition which diverts, impedes, backs up, or otherwise prevents or impedes the drainage and flow of surface water on, over or across such Lot.

The failure of any Owner to comply with the provisions of this **Section** shall in no event be deemed or construed to impose liability of any nature on the Association, ARC and/or Declarant, and neither the Association, ARC nor Declarant shall be charged with any affirmative duty to police, control or enforce such provisions. The Drainage Easements provided for in this Declaration shall in no way affect any other recorded Easement in the Subdivision.

Notwithstanding anything herein to the contrary, the creation and/or maintenance of any Drainage Easements within the Subdivision shall not be deemed to constitute nor be construed as a representation or any assurance by Declarant, the Association, the ARC, or any Owner that stormwater and other drainage shall be collected and detained wholly within such Drainage Easements. Each Owner is advised of the potential for such stormwater or other drainage collection outside of the limits of the Drainage Easements.

(d) **Utility Easements.** Easements for installation and maintenance of utilities, cable television, and other utility facilities to service the Subdivision and certain adjoining land have been or will be reserved as shown on the Subdivision Plat and/or as provided by instruments of record or to be recorded. The

surface of easement areas for underground utility services may be used for planting of shrubbery, trees, lawns or flowers, unless otherwise specifically prohibited by the plat or any other recorded easement or the utility provider; provided, however, that no structure, planting, or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of the utilities. The easement area of each Lot, if any, and all improvements in such easement area shall be maintained continuously by the Owner of the Lot, except for those improvements for which Governmental Authority or any utility or private company is responsible. Declarant and each Easement holder may install, maintain, and connect facilities in the Easements. Owners do not own any utility facilities located in an Easement. Neither Declarant, the Association, the ARC, nor any utility company using the utility Easements shall be liable for any damage done by them or their assigns, agents, employees, or servants to shrubbery, grass, streets, flowers, trees, landscape or other property of the Owners situated on the land covered by said Easements, except as may be required by Governmental Regulations or by custom and practice of such utility company.

(e) **Fence, Wall, Landscape, Maintenance and Access Easements.** Declarant hereby reserves unto itself, the Association, and their respective assigns, a ten foot (10') wide wall, fence, and landscaping easement on the rear property line of Lots 23-27, and on the side property line of Lots 27, 28, 48 and 49. Within said easement, Declarant, the Association, and their respective assigns in writing, shall have the right, but not the obligation to construct a fence, and to install and maintain such landscaping and plants as they may determine, and shall have the right to erect, install and maintain such project features and signage as they may determine. The Easement owners shall also have a general right of access upon such Lots for the purpose of such initial construction and thereafter to exercise the other powers reserved unto them under the easement hereby established. Any fence constructed by Declarant pursuant to the rights herein retained shall be the property of the Association following completion of construction, and the Association shall thereafter maintain said fence at all times and shall ensure that the exterior thereof is kept clean and free of all defacing, blemishes, marks, and markings thereon. In the event the Association shall ever fail to promptly make any needed repair, maintenance or cleaning to the fence, or shall fail to properly and neatly maintain the vegetation and landscaping between the fence and right of way, Declarant, its successors and assigns, shall have the right of entry onto said Lots and right to perform such functions at the expense of the Association.

(f) **Certain Other Easements.** There is hereby created in favor of the Easement owners, Declarant, the Association, the ARC, and their respective successors and assigns, a right of ingress or egress across, over, and under the Subdivision and Lots for the purpose of installing, replacing, repairing, and maintaining all facilities for utilities, including, but not limited to, water, sewer, telephone, electricity, gas, and appurtenances thereto, and to construct, reconstruct, repair, correct, replace, or maintain any wall, fixture, light, or other structure or item required to be constructed or maintained under the terms hereof or to correct or remove any condition prohibited to be maintained under the terms hereof.

(g) **Maintenance of Easements.** By acceptance of a deed to any one or more Lots, the Owner thereof covenants and agrees to keep and maintain, in a neat and clean condition, any Easement which may traverse any portion of said Lot or Lots, including, without limitation, removing weeds, mowing grass and trimming shrubbery and trees, if any, within such easement area.

(h) **Damages.** Neither the Declarant, nor the Association, nor the ARC, nor any member of any of them, shall be liable for any damages done by any utility company or their assigns, agents, employees or servants, using any easements now or hereafter in existence, whether located on, in, under or through the Subdivision, to persons or to property, including, without limitation, fences, shrubbery, trees or flowers or other property now or hereinafter situated on, in, under, or through the Subdivision. No provision hereof related to placement or the nature of structures or conditions on a Lot, nor the approval thereof, express or implied, by the Declarant, the Association or the ARC shall affect the rights of Easement owners nor enlarge the rights of Owners with regard to the construction or maintenance of Improvements or conditions within the easement area.

11. **ENFORCEMENT.**

(a) **Authority to Promulgate Rules and Regulations.** The Board has the authority to promulgate, make, modify, amend, cancel, limit, create exceptions to, and enforce reasonable rules and regulations concerning enforcement of the covenants and restrictions contained in this Declaration, any supplemental amendment and/or amendments concerning the use and enjoyment of the Subdivision, including without limitation, rules limiting the use of the Common Areas, establishing and setting the amount of fines for violations of this Declaration, and all fees and costs generated in the enforcement of this Declaration. Such rules shall be binding upon all Owners, and Occupants, if any. The rights and remedies contained in this **Section 11** are cumulative and supplement all other rights of enforcement under Applicable Law.

(b) **Enforcement.** The Association, Declarant, and each Owner shall have the right, but not the obligation, to enforce all restrictions and Covenants imposed by this Declaration and the Governing Documents. Failure to enforce any covenant or restriction shall not be deemed a waiver of the right. The reservation of the right of enforcement shall not create an obligation of any kind to enforce same.

(c) **Attorney's Fees and Fines.** In addition to all other remedies that may be available, after giving notice and an opportunity to be heard as may be required by §209 of the Texas Property Code, as same may be amended, the Association has the right to collect attorney's fees and/or fines as set by the Board from any Owner that is in violation of this Declaration and/or any Governing Documents, including any applicable supplemental amendment or amendments, any ADGs, or any other rule or regulation promulgated by the Association. Said attorneys fees and fines shall be added to the violating Owner's assessment account and shall be secured by the continuing lien on the Lot.

(d) **Remedies.** Every Owner shall comply with all provisions of this Declaration, the Bylaws, and the rules and regulations of the Association, all other Governing Documents and dedicatory instruments of the Association and any amendments or supplements to any of the foregoing. Failure to comply shall be grounds for an action to recover sums due, for damages or injunctive relief, or for any other remedy available at law or in equity, maintainable by the Association. In addition, the Association has the authority, but not the obligation, to enforce the covenants, conditions and restrictions contained in this Declaration, and to regulate the use, maintenance, repair replacement, modification, and appearance of the Subdivision, and may avail itself of any and all remedies provided in this Declaration, any amendment, supplemental amendment, the Bylaws, Governing Documents and/or any other dedicatory instruments. Notwithstanding anything contained herein to the contrary, the Board shall have no duty, legal or otherwise, to institute legal or other proceedings on behalf of or in the name of an Owner. The decision to pursue enforcement action in any particular case shall be left to the Board's discretion. Such decision shall not be construed as a waiver of the Association's right to enforce such provision at a later time under other circumstances or preclude the Association from enforcing any other covenant, restriction or rule.

(e) **Enforcement by Owners.** Each Lot Owner may enforce the covenants, conditions and restrictions set forth in this Declaration; provided, however, no Owner shall have the right to enforce the lien rights retained in this Declaration in favor of the Association and/or other rights regarding Assessments retained by the Association.

(f) **Nonwaiver.** The obligation to abide by the provisions contained in this Declaration shall be deemed to be of a continuing and continual basis. Each and every day an Owner allows a condition to exist on its Lot which is not in compliance with the requirements contained herein shall constitute a separate and individual violation hereof, and shall give rise to a new cause of action for such breach. The intended effect and express purpose of this provision shall be that every Owner, by accepting title to a Lot, hereby waives the affirmative defenses of the statute of limitations, waiver and laches with respect to covenant violations. Noncompliant conditions shall be allowed to exist on a Lot only upon the Owner obtaining a written Variance in accordance with the applicable provisions herein. Failure of Declarant, the Association, the ARC, or of any Owner or other person to enforce the terms of this Declaration shall in no event be deemed a waiver of the right to do so at any time or from time to time thereafter.

(g) **Assessments by Award or Judicial Decree.** In the event arbitration or litigation is necessary to enforce any provision contained within this Declaration, any and all awards granted by the arbitrator, or damages, penalties, fees, costs, and/or any other charges awarded in the decree shall also constitute an Assessment, which shall likewise run with the land, and which shall have the same priority as the lien created in **Section 7** herein. Failure to pay Assessments imposed under this **Section** shall constitute an event which may give rise to the remedies provided in **Section 7** herein.

12. **INDEMNIFICATION AND RELEASE.** EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR THOROUGHLY INSPECTING AND EXAMINING THE LOT IN WHICH IT IS INTERESTED AND FOR CONDUCTING SUCH INVESTIGATIONS OF SUCH LOTS(S) AS IT DEEMS NECESSARY TO EVALUATE ITS PURCHASE. BY COMPLETING THE PURCHASE OF A LOT, EACH PROSPECTIVE PURCHASER IS ACKNOWLEDGING THAT IT IS PURCHASING THE LOT ON AN "AS IS", "WHERE IS" AND "WITH ALL FAULTS" BASIS. BY PURCHASING A LOT, EACH OWNER AGREES TO INDEMNIFY AND HOLD HARMLESS DECLARANT, ITS PARTNERS, OFFICERS, DIRECTORS, CONTRACTORS, EMPLOYEES AND AGENTS FROM AND AGAINST ANY CLAIMS, COSTS, FEES, EXPENSES, DAMAGES OR LIABILITIES THAT AN OWNER, HIS FAMILY, OCCUPANTS, EMPLOYEES, GUESTS, CONTRACTORS AND ANY OTHER INVITEES MAY SUFFER OR INCUR AS A RESULT OF, ARISING OUT OF, OR RELATED TO ANY CONDITION ON, IN OR UNDER THE LOT, INCLUDING, BUT NOT LIMITED TO CAVES, KARSTS, SINKHOLES, GEOLOGICAL FEATURES, STREETS, TREES WITHIN OR NEAR THE STREET RIGHTS-OF-WAY, DRAINAGE FACILITIES, PROJECTILES, AND OTHER DANGEROUS OBJECTS. EACH OWNER UNCONDITIONALLY RELEASES DECLARANT, ITS PARTNERS, OFFICERS, DIRECTORS, CONTRACTORS, EMPLOYEES AND AGENTS, BOTH KNOWN AND UNKNOWN, PRESENT AND FUTURE, ARISING OUT OF OR RELATED TO SAID CAVES, KARSTS, SINKHOLES, GEOLOGICAL FEATURES, STREETS, TREES WITHIN OR NEAR THE STREET RIGHTS-OF-WAY, DRAINAGE FACILITIES, PROJECTILES AND OTHER DANGEROUS OBJECTS.

13. **DECLARANT'S RESERVED RIGHTS.**

(a) **Declarant Control Period.** Declarant hereby reserves for itself the Declarant Control Period, with each and every right, reservation, privilege, and exception available or permissible under Applicable Law for declarants and developers of residential subdivisions, if and to the full extent that such right, reservation, privilege, or exception is beneficial to or protective of Declarant or Builders. The reserved rights of Declarant shall include, but are not limited to, the unilateral right to appoint, remove and replace all directors and officers of the Association; adopt and amend Governing Documents; adopt Association budgets; change the rate and time of payment of Assessments; levy Special Assessments; and, receive applications for review and to approve all solar energy devices installed in the Subdivision.

The Declarant Control Period runs continuously from the date this Declaration is recorded until 120 days after seventy-five percent (75%) percent of the Lots that may be created on the Property and any additional land annexed hereto in accordance with **Section 3** herein have been improved with Living Units and conveyed to Owners other than Builders or Declarant, or their respective affiliates, to the extent permitted by Applicable Law. In no event may the Declarant Control Period last longer than fifteen (15) years after the date on which this Declaration is publically recorded, subject to the right of Declarant to unilaterally amend this **Section** for any purpose, including to increase or decrease the maximum length of the Declarant Control Period. No act, statement, or omission by the Association may effect termination of the Declarant Control Period earlier than the term stated in this **Section**. Declarant, however, may terminate the Declarant Control Period at any earlier time by publicly recording a notice of termination. The Declarant Control Period is for a term of years or until the stated status is attained, and does not require that Declarant own a Lot or any other land in the Subdivision or Annexation Area.

To the extent required by Applicable Law, within 120 days after the conveyance of seventy-five percent (75%) of the Lots that may be created (including property subject to annexation, if any), at least one-third of the Board must be elected by Owners other than Declarant. Declarant construes the Applicable Law in effect on the date of this Declaration as applying only to improved Lots that have been conveyed to Owners other than Builders, and not applying to vacant Lots conveyed to Builders or to affiliates of

Declarant. However, because the statute does not so state, Declarant will exercise the votes of Builders, if any. Declarant's unilateral right to remove and replace officers and directors applies only to Declarant's appointees.

To satisfy a requirement of Applicable Law that the Declaration state the maximum number of Lots that may be created and made subject to this Declaration, Declarant hereby states that the initial maximum number of Lots subject to this Declaration is one thousand (1,000) Lots, and reserves the unilateral right to increase or reduce that number by amendment of this Declaration.

(b) **Development Period.** Declarant hereby reserves for itself the Declarant Development Period, with each and every right, reservation, privilege, and exception available or permissible under Applicable Law for declarants and developers of residential subdivisions, if and to the full extent that such right, reservation, privilege, or exception is beneficial to or protective of Declarant or Builders. The reserved rights of Declarant shall include, but are not limited to, the unilateral right to adopt and amend Governing Documents; adopt Association budgets; change the rate and time of payment of Assessments; levy Special Assessments; and, receive applications for review and to approve all solar energy devices installed in the Subdivision.

If Applicable Law requires a stated term, the Development Period runs continuously from the date this Declaration is recorded until the earliest of the following events: (1) twenty (20) years after the date on which this Declaration is publicly recorded, or (2) the date on which every residential Lot in the Subdivision and the Annexation Area is improved with a Living Unit. No act, statement, or omission by the Association may effect termination of the Development Period earlier than the term stated in this **Section**. Declarant, however, may terminate the Development Period at any earlier time by recording a notice of termination. The Development Period is for a term of years or until the stated status is attained, and does not require that Declarant own a Lot or any other land in the Subdivision or Annexation Area.

(c) **Other Rights.** Declarant hereby reserves for itself each and every right, reservation, privilege, and exception available or permissible under Applicable Law for declarants and developers of residential subdivisions, if and to the full extent that such right, privilege, or exception is beneficial to or protective of Declarant or Builders. If the benefit or protection of Applicable Law is predicated on an express provision being in this Declaration or other Governing Document, such provision is hereby incorporated by reference unless Declarant executes an instrument to disavow such benefit or protection. Notwithstanding Applicable Law that condition or link a declarant's control of real property development with its control of the governing body, Declarant and this Declaration recognize the independence of those functions. Declarant may terminate its reserved right to appoint officers and directors of the Association without affecting any of Declarant's other rights and reservations under this Declaration or Applicable Law. Further, Declarant may from time to time assign to the Association, on a permanent or temporary basis, one or more of the rights, powers, obligations and duties of the Declarant under this Declaration.

(d) **Effect of Reserved Rights.** This Declaration creates a number of periods of time for the exercise by Declarant of certain reserved rights, including, but not limited to, the Declarant Control Period and the Declarant Development Period. Each reservation period is independent of the others. Each reservation period is for a term of years or until a stated status is attended, and does not require that Declarant own a Lot or any other land in the Subdivision or the Annexation Area. No act, statement, or omission by the Association, a Builder, or any other party may effect a change or termination of any Declarant reservation period. Declarant, however, may unilaterally change any Declarant reservation period by amending this Declaration. To document the end of a Declarant reservation period, Declarant may (but is not required to) execute and publicly record a notice of termination of the period.

14. **GENERAL PROVISIONS.**

(a) **Term.** This Declaration runs with and binds the land, and will inure to the benefit of and be enforceable by the Association, Declarant, and every Owner, and their respective legal representatives, heirs, successors, and assigns, for a term beginning on the date this Declaration is recorded in the Real

Property Records of Bexar County, Texas, and continuing through and including December 31, 2032, after which time this Declaration will be automatically extended for successive periods of ten (10) years unless a change (the word "change" meaning a termination, or change of term or renewal term) is approved in a resolution adopted by Members entitled to cast at least fifty percent (50%) of the total number of votes of the Association, voting in person or by proxy at a meeting duly called for such purpose in accordance with the Bylaws; provided, however, that such change will be effective only upon the recording of a certified copy of such resolution in the Real Property Records of Bexar County, Texas.

(b) **Amendment.** This Declaration may only be amended as follows:

(1) The Declarant shall have and reserves the right at any time and from time to time during the Declarant Development Period, without the joinder or consent of any Owner or any other party, to unilaterally amend this Declaration by any instrument in writing duly signed, acknowledged, and filed for record for the purpose of (i) correcting any typographical or grammatical error, ambiguity or inconsistency appearing herein, or inadvertent omission, provided that any such amendment shall be consistent in all material respects with and in furtherance of the general plan and scheme of development as evidenced by this Declaration; (ii) bringing any provision into compliance with any applicable governmental statute, rule, regulation, or regulatory or judicial determination; (iii) enabling any title insurance company to issue title insurance coverage on any portion of the Subdivision; (iv) enabling any institutional or governmental lender, purchaser, insurer or guarantor of mortgage loans, including, without limitation, the Federal Home Loan Mortgage Corporation, to make, purchase, insure or guarantee mortgage loans on Lots; or (v) complying with any requirements promulgated by local, state or federal governmental agency, including, without limitation, the Department of Housing and Urban Development or any utility provider.

(2) This Declaration may be amended from time to time by the recording in the Real Property Records of Bexar County, Texas, of an instrument executed and acknowledged by the authorized officers of the Board of the Association setting forth the amendment and certifying that such amendment has been approved in accordance herewith, as follows:

(i) Prior to termination of the Declarant Development Period, upon the unilateral approval of Declarant to the fullest extent permitted by Applicable Law, or if required by Applicable Law, the approvals required in **Subsection (ii)** below;

(ii) After termination of the Declarant Development Period, then upon the following:

(A) Written approval of a majority of the Directors of the Board of the Association;
and

(B) The approval of a majority of the aggregate votes held by the Members of the Association.

(3) Not less than ten (10) days prior written notice of any such change shall be provided to each Director of the Association and to each Member of the Association.

(4) If any conflict exists between this Declaration and any amendment and/or supplement, the more restrictive provision shall control.

(c) **Notice of Change.** If a provision of a Governing Document is modified, rendered void, or becomes obsolete because of a change of Applicable Law, and the Board determines that the significance of the provision that is changed by operation of law should be brought to the attention of Owners and the public, the Board, without a vote of the Owners, may issue a Notice of Change that references the provision of a Governing Document and how it is affected by Applicable Law. The Notice may be recorded in the Real Property Records of Bexar County, Texas, and does not constitute an amendment of the Governing Document. If such a Notice is issued, the Association will notify Owners of its existence and will make it available to Owners as a record of the Association. This provision may not

be construed to give the Board unilateral amendment power, nor to prevent an amendment of a Governing Document to achieve the same purpose.

(d) **Severability.** The provisions of this Declaration shall be deemed independent and severable, and invalidation of any one of the provisions, covenants or restrictions set forth in this Declaration by judgment or court order shall in no wise affect any other provisions which shall remain in full force and effect.

(e) **Assignment by Declarant.** Notwithstanding any provision in this Declaration to the contrary, Declarant may in writing filed of record expressly assign, in whole or in part, any of its privileges, exemptions, rights and duties under this Declaration to any other person or entity and may permit the participation, in whole or in part, by any other person or entity in any of its privileges, exemptions, rights and duties hereunder. Upon assignment by Declarant of any or all of such rights, such Declarant shall no longer be liable for performance of such assigned rights provided that the assignee expressly assumes in the recorded assignment the obligations of such Declarant that are assigned.

(f) **Singular Includes Plural.** Unless the context requires a contrary construction, the singular shall include the plural and the plural the singular, and the masculine, feminine or neuter shall each include the masculine, feminine and neuter.

(g) **Captions.** All captions and titles used in this Declaration are intended solely for convenience of reference and shall not enlarge, limit or otherwise affect any term or provision set forth herein.

(h) **Gender and Grammar.** The singular whenever used herein, shall be construed to mean the plural, when applicable, and the necessary grammatical changes required to make the provisions here apply either to corporations or individuals, males or females, shall in all cases be assumed as though in each case fully expressed.

(i) **Interpretation.** If this Declaration or any word, clause, sentence, paragraph, or other part thereof shall be susceptible of more than one or conflicting interpretations, then the interpretation which is most nearly in accordance with the general purposes and objectives of this Declaration shall govern. The terms and provisions of each Governing Document are to be liberally construed to give effect to the purposes and intent of the Governing Document. All doubts regarding a provision in any Governing Document or Applicable Law, including restrictions on the use or alienability of property, will be resolved in the following order of preferences, regardless which party seeks enforcement: First, to give effect to Declarant's intent to protect Declarant's interests in the Subdivision; Second, to give effect to Declarant's intent to direct the expansion, build-on, and sell-out of the Subdivision; Third, to give effect to Declarant's intent to control governance of the Association for the maximum permitted period; Fourth, in favor of the operation of the Association and its enforcement of the Governing Documents for the benefit of Owners collectively; and, Finally, to protect the rights of individual Owners. If any punctuation, word, clause, sentence, or provision necessary to give meaning, validity, or effect to any other word, clause, sentence, or provision appearing in this Declaration shall be omitted here from, then it is hereby declared that such omission was unintentional and that the omitted punctuation, word, clause, sentence or provision shall be supplied by inference.

(j) **Notice.** Whenever written notice to an Owner or Member is permitted or required hereunder or by the Governing Documents, unless otherwise required by Applicable Law, such notice shall be given by mailing such notice to the address of such Owner or Member appearing on the records of the Association, unless such Owner or Member has given written notice to the Association of a different address, in which event such notice shall be sent to the Owner or Member at the address so designated. Such notice shall conclusively be deemed to have been given as of the date such notice is deposited in the United States Mail, properly addressed, whether actually received by the addressee or not. Unless otherwise required by Applicable Law, actual notice, however delivered, is sufficient.

(k) **Current Address and Occupants.** Owners are required to notify the Association in writing of their current address if other than the physical address of the Lot at all times. If an Owner fails to notify the Association of their current address, the Association shall use the address of the Lot as the current

address. If the Lot or Improvements are leased or otherwise occupied by another person, Owner shall provide the name of the Occupant to the Association.

(l) **Governing Law.** This Declaration shall be governed by and construed in accordance with the laws of the State of Texas and shall be performable in Bexar County, Texas.

(m) **Counterparts.** This Declaration may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

No professional, business, or commercial activity to which the general public is invited shall be conducted on any portion of the Subdivision or any Lot, except an Owner or Occupant of a residence may conduct business activities within a residence so long as: (i) the business activity is conducted without the employment of persons other than the residents of the home constructed on the Lot; (ii) the existence or operation of the business activity is not apparent or detectable by sight, sound, or smell from outside the residence, i.e., no sign may be erected advertising the business on any Lot; (iii) the business activity conforms to all zoning requirements for the Subdivision; (iv) the business activity does not involve door-to-door solicitation of residents within the Subdivision; (v) the business does not generate a level of vehicular or pedestrian traffic or a number of vehicles parked within the Subdivision which is noticeably greater than that which is typical of residences in which no business activity is being conducted; (vi) the business activity is consistent with the residential character of the Subdivision and does not constitute a nuisance, or a hazardous or offensive use, or threaten the security or safety of other residents of the Subdivision; and (vii) the business does not require the installation of any machinery other than that customary to normal household operations. The terms "business" and "trade", as used in this **Subsection**, shall be construed to have their ordinary, generally accepted meanings and shall include, without limitation, any occupation, work, or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether: (a) such activity is engaged in full or part-time; (b) such activity is intended to or does generate a profit; or (c) a license is required. Leasing of a residence shall not be considered a business or trade within the meaning of this **Subsection**. This **Subsection** shall not apply to any activity conducted by an Owner engaged in the business of constructing homes for resale who acquires one or more Lots within the Subdivision for the purpose of constructing residences thereon for resale to a third party. This restriction shall not prohibit the inclusion of permanent living quarters for domestic servants or prevent domestic servants from being domiciled with an Owner or resident.

(b) **Animals.** No animals, livestock, poultry, exotic, vicious or dangerous pets/breeds of any type, including but not limited to, pit bulls, boa constrictors or ferrets, that may pose a safety or health threat to the community, or animals that may hunt or prey on birds, shall ever be raised, kept, bred, or harbored on any portion of the Lots or the Subdivision, except that dogs or other common household pets [not to exceed a total of four (4) adult animals] may be kept, provided that they are not kept, bred, or maintained for any commercial purposes, and provided further that such common household pets shall at all times, except when they are confined within a private single-family residence or Lot upon which same is located, be restrained or controlled by a leash, rope, or similar restraint or a basket, cage, or other container. For purposes of this Declaration, "adult animal" shall mean animals one (1) year of age or older. All animals shall be kept in strict accordance with all local laws and ordinances (including leash laws), and in accordance with all rules established by the Association. It shall be the responsibility of the Owners of such household pets to prevent the animals from running loose or becoming a nuisance to the other residents.

(c) **Builder Approval.** Except for maintenance, repair or construction activities being undertaken by contractors at the direction of any Governmental Authority, no construction of any building, fence, wall, recreational facilities, landscaping, outbuilding or other structure or any other Improvement shall be commenced on, in, or within the Subdivision until the primary contractor to perform such construction shall have been approved in writing by the ARC. If the ARC fails to approve or disapprove a written request for the approval of a primary contractor to perform such construction within thirty (30) days after such request is submitted to it in accordance with the requirements set forth in Exhibit C to this Declaration, such approval will not be required, and the provisions of this **Section** will be deemed to have been fully complied with.

(d) **Common Areas.** The following restrictions shall apply to the Common Areas:

(1) No maintenance, trimming, cutting or removal of any vegetation situated in the Common Areas may be undertaken by or on behalf of an Owner or by anyone other than the Declarant or a party expressly authorized by Declarant to do so.

(2) No activities shall be conducted or permitted by any Owner in the Common Areas which would cause the Common Areas to have an unattractive appearance, which would constitute a nuisance or a material annoyance or disruption to the other Owners, or which would obstruct the Common Areas in any way.

(3) No permanent or temporary storage of any personal property or materials shall be permitted in the Common Areas.

(4) No motorcycles, motorbikes, off road recreational vehicles or other similar motorized vehicles will be permitted in any greenbelts, trails or other designated portions of the Common Areas without the prior written approval of the ARC. The ARC reserves the right to promulgate reasonable rules and regulations from time to time governing the use of any such vehicles within the Common Areas.

(5) The discharge of any fireworks or firearms including BB guns, paint ball guns and pellet guns, and the use of any bow and arrow, slingshot or other launching or catapulting device, or other similar dangerous or objectionable conduct is not permitted in the Common Areas.

(e) **Construction Materials and Debris.** Each Owner and Builder shall provide sufficient means for temporary collection of and removal of all construction debris. In particular, all refuse or waste material generated from such Builder's construction shall be collected in a container or otherwise secured within a contained area on the Lot and picked up for disposal on a regular basis. Additionally, the Owner and Builder of a residence undergoing construction shall be responsible for providing sanitary bathroom facilities to accommodate all contractors and subcontractors during the construction period, which toilets will be serviced regularly and removed promptly once plumbing in the residence on such Lot becomes operational. These requirements are intended to facilitate the goal of the Declarant and the Association to maintain the Subdivision in a clean and respectable manner. If an Owner or Builder unreasonably violates this objective, Declarant and/or the Association shall have the option to initiate cleanup of the Lot, and/or place facilities on the Lot necessary to maintain the referenced goal. In the event such action becomes necessary, the costs and expenses of same shall be imposed upon the Owner, and shall become a lien on the Lot as described in **Section 7** of this Declaration.

(f) **Construction and Design Restrictions.** In order to protect the overall integrity of the Subdivision as well as the quality and appearance of Improvements of all Owners within the Subdivision, the ARC shall have the right, but not the obligation, to control all construction, development and improvement activities of any kind within the Subdivision, and to insure that all such activities are properly conducted in accordance with and in good workmanlike manner, and in accordance with standard industry trade practices. Traditional style architectural designs are encouraged. No geodesic, A-Frames, log homes, or free style architectural designs shall be permitted. Owners are encouraged to submit preliminary or conceptual plans and specifications of front elevation (and side elevation on corner lots), materials specifications, and the positioning of the Living Unit upon the Lot to the ARC for review and

comment, prior to the completion of final plans and specifications. Prior to the commencement of any construction, all final plans and specifications must be approved in writing, by the ARC.

(g) **Fireworks, Firearms, and Other Devices.** The discharge of any fireworks or firearm, including BB guns, paint ball guns and pellet guns, within the Subdivision or on adjacent lands owned in whole or in part by Declarant, the Association, or the Recreation Club is strictly prohibited. Each Owner shall ensure family members and Occupants do not violate such prohibition. Additionally, there is prohibited the use of any bow and arrow, slingshot, paintball, or other launching or catapulting device except strictly within the confines of a Lot and not involving the hunting or killing of any animal.

(h) **Fuel Storage and Open Fires.** No butane, propane or other combustible fuel tank or container shall be installed or kept on any Lot except for (1) portable, small sized tanks used solely to fuel barbecue units or fire pits or portable tools, (2) fuel tanks installed in vehicles, boats or equipment, or (3) a reasonable number of portable cans/tanks used to refuel equipment or vehicles. No open fires shall be permitted on any Lot except those within an interior or exterior fireplace designed and built according to industry standards and all applicable laws, codes and statutes, or those within a contained barbecue unit which is attended by a responsible adult while in use for cooking purposes only. No fireplace, fire pit or barbecue unit shall be permitted to be placed or operated in any front yard or driveway on any Lot. The burning of any materials will not be allowed, including, but not limited to, brush and building materials on any Lots, Common Areas, or greenbelts within the Subdivision, or on adjacent lands owned in whole or in part by Declarant, the Association, or the Recreation Club.

(i) **Hazardous Activities.** No activities shall be conducted on the Lots or within the Subdivision and no Improvements shall be constructed on the Lots or within the Subdivision which are or might be unsafe or hazardous to any Person or the Subdivision.

(j) **Maintenance.**

(1) Improvements. Each Owner is responsible for keeping all Improvements on their Lot in a neat, well maintained, and attractive fashion. No Improvement shall be allowed to be left in a state of disrepair, damaged, or in a condition which appears to be excessively weathered or worn.

(2) Irrigation Systems. Each Owner is responsible for maintaining his irrigation system in working order at all times.

(3) Lot and Lawns and Plantings. The Owners of all Lots shall keep grass and vegetation well mown and trimmed, shall promptly remove all weeds as they grow, and all trees, shrubs, vines and plants which die or are diseased, and shall keep all yard areas in a sanitary, healthful, and attractive manner. Lawns, front and back, must be mowed at regular intervals (maintained at less than six inches (6") in height), and fences must be repaired and maintained in an attractive manner. No objectionable or unsightly usage of Lots, or condition on any Lot, will be permitted which is visible to the public view. Building materials shall not be stored on any Lot except when being employed in construction upon such Lot, and any excess materials not needed for construction and any building refuse shall promptly be removed from such Lot.

(4) Oak Wilt. All Owners are advised to secure from the Texas Forest Service, local county agent, Texas Extension Forester at Texas A&M University, or elsewhere, information on oak wilt and other diseases which may infect their trees and may spread to trees on other Lots. Each Owner is responsible for taking such action as may be necessary on his property to ensure that oak wilt and other diseases are not spread to the trees of other Owners. Because there is no known cure for oak wilt and oak wilt almost always will spread from a diseased tree to its neighboring oaks, at a minimum, each Owner shall:

(i) Properly destroy all infected oaks;

(ii) Avoid unneeded pruning of and immediately apply dressing to all wounds on oaks. It should be noted that the period of February 1 to June 1 is the most susceptible.

(iii) Where oak wilt is detected, trench three feet (3') deep in advance of infection front (100 feet is recommended) to stop the spread through connecting roots;

(iv) Avoid infected oak firewood. As a precaution, no oak wilt infected firewood should be kept for more than one heating season and firewood should be cut only in the summer;

(v) Use fungicide propiconazole to treat uninfected oaks when Owner becomes aware of oak wilt nearby.

The foregoing information regarding oak wilt is provided to alert Owners and neither Declarant nor the Association shall be liable to any Owner in connection with the existence or spread of oak wilt on any Lot. In the event of default on the part of the Owner or Occupant of any Lot in observing the above requirements or any one of them, such default continuing ten (10) days from date of a written notice thereof deposited in the United States mail, Declarant, or the Association may, without liability to Owner or any Occupants in trespass or otherwise, enter upon said Lot, cut or cause to be cut, such lawn, weeds and grass not being maintained, remove or cause to be removed, such dead vegetation, garbage, trash and rubbish or infected oak trees, or do any other thing necessary to secure compliance with the terms of this Declaration, so as to place said Lot in a neat, attractive, healthful and sanitary condition, and may charge the Owner or Occupant of such Lot for the cost of such work, plus a reasonable administrative charge and reasonable attorney's fees. The Owner or Occupant, as the case may be, agrees by the purchase or occupation of the Lot to pay such statement immediately upon receipt thereof. The sum due shall be a charge on the Lot and shall be a continuing lien upon the Lot against which such sums are due, and may be enforced in accordance with the provisions hereof or otherwise as provided by law.

(5) Vacant Lots. Until a Living Unit is built on a Lot, Declarant or the Association may, at its option, have the grass, weeds and vegetation cut when and as often as the same is necessary in its reasonable judgment, and have dead trees, shrubs and plants removed therefrom. Declarant and/or the Association may also, at its option, after ten (10) days written notice, remove any excess building materials or building refuse situated on a Lot in violation of this covenant. The Owner of such Lot shall be obligated to reimburse Declarant and/or the Association, as applicable, for the cost of any such maintenance or removal upon demand. The sum due shall be a charge on the Lot and shall be a continuing lien upon the Lot against which such sums are due, and may be enforced in accordance with the provisions hereof or otherwise as provided by law.

(6) Owner's Responsibilities. In the event an Owner is advised by the Board, or by an agent of a management company hired by the Board to assist with administration of Association business that the condition of their property is in violation of this **Section**, the Owner shall undertake whatever measures are necessary to cure the non-conforming condition as soon as it is reasonably practicable to do so.

(k) **Wells, Mining and Drilling.** No individual water supply system shall be permitted on any Lot, including but not limited to, water wells. No oil or natural gas drilling, oil or natural gas development or oil refining or quarrying, or mining operations of any kind shall be permitted upon any portion of the Lots or within the Subdivision, nor shall oil, natural gas, or water wells, tanks, tunnels, mineral excavations or shafts be permitted upon, in or within any portion of the Lots or within the Subdivision. No derricks or other structures for use in the boring or drilling for oil, natural gas, minerals or water shall be erected, maintained or permitted upon, in or within any portion of the Lots or within the Subdivision.

(l) **Noise and Nuisances.** No exterior speakers, horns, whistles, bells or other sound devices (other than alarm devices used exclusively for security purposes) shall be located, used or placed on any of the Lots or within the Subdivision without the express written approval of the ARC as to such system, including, without limitation, speaker placement, permissible sound levels, and other specifications. No noise or other nuisance shall be permitted to exist or operate upon any portion of the Lots or within the

Subdivision so as to be offensive or detrimental to any other portion of the Lots or the Subdivision or to the Occupants of any Lot.

No noxious or offensive activity shall be carried on upon any Lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. No Owner or Occupant shall perform any work that will impair the structural soundness or integrity of another Living Unit or impair any easement or hereditament, nor do any act nor allow any condition to exist which will adversely affect the other Living Units or their Owners or residents.

(m) **Numbering.** House numbers identifying the address of each Living Unit must be placed as close as possible to the front entry so that the numbers can be easily read from the street at night. Size, color and material of the numbers must be compatible with the design and color of the house. The ARC may establish a consistent style, size and location of house numbers and/or address markers.

(n) **Parking and Storage of Vehicles.** No truck (other than pickups not to exceed one ton capacity), tractor, van, bus, motorcycle, wagon, motor scooter, other wheeled motorized vehicles, golf carts, garden maintenance equipment, boat, trailer, tent, recreational vehicle, commercial vehicle, camping unit, wrecked, junked, inoperable, self propelled or towable vehicle, equipment or machinery of any sort shall be kept, parked, stored, or maintained on any Subdivision street or Common Areas, or in any portion of the front yard in the front of the building line of the permanent structure and shall be parked, stored or maintained on other portions of a Lot only within an enclosed structure or a screened area, which shall be approved by the ARC, which prevents the view thereof from any Subdivision street, the Common Areas, or adjacent Lots. Each Lot shall have sufficient garage space or screened area to the rear of the Living Unit to house all vehicles to be kept on the Lot.

No, repair or maintenance work or dismantling or assembling of motor vehicles, boats, trailers or other machinery or equipment shall be permitted except in fully enclosed garages or other structures screened from public view. No commercial vehicle bearing commercial insignia or names shall be parked on any Lot except within an enclosed structure or a screened area, which shall be approved by the ARC, which prevents such view thereof from adjacent Lots and streets, unless such vehicle is temporarily located for the purpose of serving such Lot.

The Board is empowered to establish additional rules and regulations relating to the parking and storage of vehicles, equipment, and other property both on Lots, Subdivision streets and the Common Areas (including Subdivision streets and in parking islands) as it may from time-to-time deem necessary to ensure the preservation and appearance of the Subdivision. Such rules and regulations shall, when promulgated, be in all respects binding on and enforceable against all Lot Owners, provided, however, no such additional rules or regulations shall in any manner revoke or relax any of the restrictions of use set forth in this **Exhibit D**. During the construction of improvements on a Lot, necessary construction vehicles may be parked thereon for and during the time of such necessity only.

(o) **Repair and/or Restoration of Buildings.** In the event of fire or other casualty causing damage to Improvements on a Lot, the Owner of the Lot shall promptly remove all debris and promptly repair, restore and replace any damaged or destroyed structures to their same exterior condition existing prior to the damage or destruction thereof. Such removal of debris and repair, restoration or replacement shall be commenced within thirty (30) days of the casualty and shall be completed in a good and workmanlike manner using exterior materials identical to those originally used in the structures, except with the written consent of the ARC.

To the extent that the Owner fails to commence such repair, restoration or replacement of substantial or total damage or destruction within thirty (30) days after the occurrence of such damage or destruction, and thereafter prosecute same diligently to completion, or if the Owner does not clean up any debris resulting from any damage within thirty (30) days after the occurrence of such damage, the Association may commence, complete or effect such repair, restoration, replacement or cleanup, and such Owner shall be personally liable to the Association for the cost of such work and the Lot shall be subject to the lien of the Association for such costs; provided, however, that if the Owner is prohibited or delayed by

law, regulation or administrative or public body or tribunal from commencing such repair, restoration, replacement or cleanup, the rights of the Association under this provision shall not arise until the expiration of thirty (30) days after such prohibition or delay is removed.

(p) **Rentals.** Nothing in this Declaration shall prevent the rental of any Lot and the Living Unit thereon by the Owner thereof for single-family residential purposes; provided however, that all provisions of the Governing Documents applicable to the Subdivision and Owners, shall also apply to all Occupants. Every Owner shall cause all Occupants to comply with the Governing Documents, and every Owner shall be responsible for all violations, losses, or damages caused by an Occupant, notwithstanding the fact that such Occupant is jointly and severally liable and may be sanctioned for any violation. In addition to all other remedies available to the Association in the event of a violation by an Occupant, the Association may require that the Occupant be removed from and not be allowed to return to the Subdivision and/or that any lease, agreement or permission given allowing the Occupant to be present be terminated. No "time-share plan" or any similar plan of fragmented or interval ownership of a Living Unit shall be permitted on the Lots within the Subdivision.

(q) **Resubdivision and Consolidation of Lots.** No Lot may be subdivided except with the prior written consent of Declarant. Any Owner owning two or more adjoining Lots or portions of two or more such Lots, may with the prior approval of the ARC and City consolidate such Lots or portions thereof into a single building site for the purpose of constructing one residence and such other Improvements as are permitted herein. The Lot resulting from such consolidation shall bear, and the Owner thereof shall be responsible for all assessments applicable to the Lot. Provided the unimproved Lots have been consolidated by a reasonably identifiable method, as approved by the ARC, the assessment for the consolidated Lot shall be equal to any other single unimproved Lot. When the consolidated Lot is improved with a single Living Unit, the Owner will be subject to an assessment equal to that for a single improved Lot. No Easement in a Lot may be granted by an Owner without the prior written approval of the ARC.

(r) **Septic Systems.** No privy, cesspool, or septic tank or system shall be placed or maintained upon any portion of the Subdivision.

(s) **Signs.** No signs of any kind shall be displayed to the public view on any Lot, or on any vehicle or trailer parked on or adjacent to any Lot, including, but not limited to, the displaying of any signs which advertise the Lot or Improvements for sale or lease, except as expressly permitted by the ARC. Each model home may be advertised by one front yard sign not larger than 8' x 4', which shall have been approved in advance by the ARC as to color and design.

The ARC shall establish standardized sign criteria which permits the displaying of one sign per Lot uniform in size, color and permitted location on the Lot, which such sign can be used to identify that an Improved Lot is for sale or lease. The ARC specifically reserves the right to establish a separate set of sign standards and criteria for Unimproved Lots and to modify both such standards and criteria from time to time, but in no event shall any sign reference bankruptcy, distressed nature of sale, lease, or foreclosure. The ARC shall be contacted for information on sign style, color, where the sign inset and sign frame can be obtained.

(4) Landscaping and fencing requirements may be established by the ARC for the purpose of screening courts and play equipment in an aesthetically pleasing manner.

(d) **Building Materials, Finishes and Colors.**

(1) Masonry. The exterior walls of all residential buildings shall be constructed with masonry or masonry veneer for ninety percent (90%) of the exterior wall area (exclusive of chimneys and/or boxed windows on the sides or rear of the residence). In determining compliance with this **Section**, window and door openings shall be considered as masonry. Masonry or masonry veneer includes stucco, ceramic tile, clay, brick, rock and all other material commonly referred to in Bexar County, Texas as masonry, but shall exclude any product, regardless of composition, which is manufactured to have a wood or non-masonry appearance. Absent the express written consent of the ARC, vinyl siding and aluminum siding shall not be allowed.

All other siding materials, and all siding colors, must be approved by the ARC. Absent the express written consent of the ARC, vinyl siding and aluminum siding shall not be allowed. The sidewall of each house on a corner Lot that faces a side street will be designed and constructed to create an attractive appearance that is comparable to its front elevation in terms of building materials, use of architectural trim and decor, windows, doors and other relief areas.

(3) Roofing. The surface of roofs of principal and secondary structures, including garages and domestic living quarters, shall be of slate, stone, concrete tile, clay tile, or other tile of a ceramic nature; or metal, left natural or painted; or dimensional composition (30 year). The ARC shall have the authority to approve other roof treatments and materials if the form utilized will, in its sole discretion, be harmonious with the surrounding homes and Subdivision as a whole. All roofs shall have a pitch of 4:12 or greater. The ARC shall establish roofing criteria which are directed to generally improving the quality of material used; encouraging the use of colors which are in harmony with other structures in the Subdivision; and establishing minimum pitch requirements.

(4) Finishes and Colors. The exterior colors of all Improvements on a Lot, including any repainting of Improvements, shall be subject to approval by the ARC. A sample of the masonry, roofing material, paint color(s) and any additional exterior materials shall be submitted to the ARC for review prior to its application. (e) **Burglar and Fire Alarms**. Each residence constructed on a Lot within the Subdivision shall be pre-wired for a perimeter burglar alarm system covering all exterior doors, entries and windows and such type, number, and location of smoke detectors as stipulated by the ordinances and/or building codes of the City or governing municipality then in effect. The ARC may, but is not required to establish, minimum standards for such burglar alarm systems and smoke detectors and shall, at such time, make the same available to Lot Owners and Builders, and may disapprove any plans and specifications not conforming to this provision or such standards.

(f) **Chimneys**. All fireplace flues and smoke stacks shall be enclosed and concealed from public view in finished chimneys or materials architecturally compatible with the finish material of the exterior wall of the Living Unit, including Hardie Plank stucco finish or equivalent, or other material approved by the ARC. All chimneys located on the front or the street side of a residence will be composed of masonry matching the primary masonry used on the residence.

(g) **Compliance**. Each Owner shall comply strictly with the provisions of these restrictions as the same may be amended from time to time. Failure to comply with any of this Declaration shall constitute a violation of this Declaration, and shall give rise to a cause of action to recover sums due for damages or injunctive relief or both, maintainable by an aggrieved Owner or Declarant. Declarant makes no warranty or representation as to the present or future validity or enforceability of this Declaration, its terms or provisions. Any Owner acquiring a Lot in reliance on this Declaration, its terms and provisions shall assume all risks of the possible amendment, validity and enforceability thereof and, by acquiring the Lot, agrees to hold Declarant harmless from any damages resulting from any amendment to or invalidity or unenforceability of the Declaration.

(h) **Construction Activities**. Notwithstanding any provision herein to the contrary, this Declaration shall not be construed so as to unreasonably interfere with or prevent normal construction activities during the construction of Improvements by an Owner (including Declarant) upon any Lot within the Subdivision. Specifically, no such construction activities shall be deemed to constitute a nuisance or a violation of this Declaration by reason of noise, dust, presence of vehicles or construction machinery, or similar activities, provided that such construction is pursued to completion with reasonable diligence and as hereinafter provided, and conforms to usual construction practices in the area. No residential building including flatwork shall remain incomplete for more than six (6) months after the foundation construction has commenced. The ARC may, by its written approval, permit extensions of the aforesaid timeframe in its sole discretion, provided that construction is being diligently pursued.

(i) **Construction in Place**. All Improvements constructed within the Subdivision shall be built in place on the Lot and the use of prefabricated buildings are prohibited.

(j) **Corner Lot Residences**. Residences constructed upon corner lots shall be oriented so that the front of the residence shall face the street as approved by the ARC.

(k) **Drainage**. All storm water from any Lot shall drain into or onto contiguous or adjacent street rights-of-way, drainage easements, or retention areas, or as determined by a qualified engineer. All work done on any Lot affecting or pertaining to the Lot grade, the flow of surface water drainage, the alteration or removal of any drainage or environmental berm or swale or any storm berm or swale, must be in accordance with the Grading Plan and the site grading and drainage plans prepared by an engineer selected by Declarant or the ARC to prepare such plan or plans and also in accordance with all applicable laws, codes and regulations of Governmental Authority.

(l) **Driveways and Curbs.**

(1) Driveways.

(i) Driveways on each residential Lot and visible from a street must be constructed of salt or broom finished concrete, stamped concrete, or brick pavers, provided that the ten feet (10') of the driveway entry shall be salt or broom-finished concrete.

(ii) All curb cuts must be professionally machine cut. No more than one curb cut per Lot shall be permitted without approval of the ARC. Driveway locations shall be only as approved by the ARC. A circular driveway may be considered by the ARC if the driveway is not more than twenty feet (20') wide and the total impervious cover of the driveway material does not exceed forty percent (40%) of the front building setback area.

(iii) Driveways which have more than six inches (6") of exposed concrete foundation sides shall have a masonry veneer applied or be fully parged, and additional landscaping may be required depending on the amount of exposure.

(iv) The driveway leading directly to the garage shall in all cases, and regardless of the house being on the topographically low or high side of the street, be constructed in a manner consistent with the FHA Block and Lot Grading data sheet guidelines and the following:

(1) The elevation of the driveway approach surface at a point ten (10) linear feet from the curb line shall be at least nine inches (9") higher than the pavement grade at gutter line.

(2) For Lots on the topographically low side of the street, the driveway shall be constructed with a protective swale in front of the garage to prevent runoff water from entering into the house and/or garage. Also, the driveway shall not have the effect of "trapping" a low area of ground with no other convenient route of drainage. The Lot Grading Plan will serve to indicate areas of concern.

(2) Curbs.

(i) All curbs shall be cut by an experienced, qualified professional curb cutter. All driveways and curb cuts must be shown on the plans submitted to the ARC and approved prior to any action being taken.

(ii) No curbing shall be ripped out to provide access for a driveway (header curb) or sidewalk approach.

(iii) Any portion of curbing which is damaged, whether during construction or afterwards, shall be repaired as soon as practicable at the sole and exclusive expense of and by the Owner of the Lot appurtenant to such damaged curb.

(3) General. Asphalt paving and loose gravel driveways or sidewalks are specifically prohibited forward of the front building line. Builders and contractors are required to clean streets immediately after aggregate finished sidewalks and driveways have been washed.

(m) **Exterior Equipment.** All electric service meters, air conditioning units, pool equipment, or other outdoor equipment shall be located where not in view of any street, Common Areas, or fully screened by landscaping (evergreen plants) or fencing so as not to be in view from any street or Common Areas.

(n) **Exterior Lighting.** Exterior lighting is required at the front door of each residence; provided, however, that no light fixture or lantern of any type shall be placed in the front yard, or in the back yard if same is visible from any other portion of the Subdivision or any streets, of any Lot until the same has been approved by the ARC. No exterior lighting of any sort shall be installed or maintained on a Lot where the light source is offensive or a nuisance to neighboring property. Reasonable security or

landscape or tennis court lighting is permitted with the approval of the ARC, provided that no security lighting may be left on continuously or controlled by photocell device.

(o) **Fences.** No fence or wall shall be built or maintained forward of the front building line of the main structure. This setback restriction does not apply to decorative walls or fences which are part of the architectural design of the main structure, and which are not to be built or maintained nearer than the building setback line of any Lot unless otherwise approved in writing by the ARC. Except as specifically set forth in this Declaration, all fences or walls located on a Lot are to be maintained at the expense of the Lot Owner.

(1) The required and permitted fencing which may be installed by an Owner, subject to the requirements of this **Section**, are as follows:

(i) Side Fencing Adjacent to Streets: Shall be composed of one inch by four inch (1" X 4"), six feet (6') tall, vertical cedar planks, without gaps between planks, with a top rail as shown on **Exhibit F** attached hereto. The smooth side shall face the street and the framing shall face the interior of the Lot. Masonry columns are required on all street side fencing at the front building setback and the rear property corner adjacent to the street.

(ii) Wing Walls and Gates: Shall be composed of one inch by four inch (1' X 4"), six feet (6') tall, vertical cedar planks, without gaps between planks, with a top rail as shown on **Exhibit F** attached hereto. The smooth side shall face the street and the framing shall face the interior of the Lot. Wing walls shall have a masonry column adjacent to the side Lot line.

(iii) Rear and Side Fencing Adjacent to Front Gate and Gate Forest for Lots 10, 17, 18, 23-28, 48 and 49: Shall be composed of masonry columns and one inch by four inch (1" x 4"), six feet (6') tall, vertical cedar planks, without gaps between planks, with a top rail as shown on **Exhibit F** attached hereto. The smooth side of the fence shall face out, with framing facing the interior of the Lot. Declarant and/or the Association shall be responsible for initial construction of the rear and side fencing (adjacent to the streets known as *Front Gate* and *Gate Forest*) for Lots 10, 17, 18, 23-28, 48 and 49. The Association may, at its option, assume the continued maintenance, repair and replacement of such fencing on all such Lots in accordance with **Section 10(e)** of this Declaration, except that the Owner(s) of Lots 10, 17 and 18 shall be responsible for all costs of the maintenance, repair and replacement of the side fence adjacent to the street known as *Gate Forest* on such Lots.

(2) All masonry used in a fence or wall on a Lot shall match the primary masonry used on the residence on such Lot. All masonry columns shall be six and one-half feet (6' 6") in height and shall be no further than twenty-five feet (25') apart if visible from any street. All wood, if any, used in fencing (including wooden gates for wing walls) shall be composed of one inch by four inch (1" X 4"), six feet (6') tall, notched, vertical cedar planks, without gaps between planks. No cedar fencing shall be stained or painted, but may be sealed with ARC approval. All wood fences along the street side of Lots shall have the smooth side facing the street and framing facing the interior of the Lot with a top rail as shown on **Exhibit F** hereto. All wrought iron used in fencing shall be painted black or the same color as the approved trim color of the house. All gates shall be composed of the same material as the wing wall except for a masonry wing wall where a wrought iron or cedar gate will be permitted. All wing wall gates shall be either wood with a top rail or wrought iron. All gates shall not exceed four feet (4') in width. No fence shall exceed six feet (6') in height unless specifically approved by the ARC and applicable Governmental Authority. Declarant reserves the right to build columns at a spacing it deems appropriate along all street and future street right-of-ways.

(3) The ARC is empowered to waive the composition requirements for fences and the height or setback limitation in connection with retaining walls and decorative walls if, in its sole discretion, such waiver is advisable in order to accommodate a unique, attractive or advanced building concept, design or material, and the resulting fence, decorative wall and/or retaining wall (whichever is applicable) will not detract from the general appearance of the neighborhood and it meets the requirements of the City or applicable Governmental Authority. Any materials other than cedar planks, vinyl (for any area other than

a side property line), wrought iron, or masonry to be attached to or made part of a fence must be approved in writing by the ARC prior to installation.

(4) No structure, fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner Lot within the triangular area as formed by the extension of curb lines and a line connecting them at points twenty-five feet (25') from the intersection of the curb lines into the street, or in the case of a rounded property corner, from the intersection of the street line extended. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines. Notwithstanding the foregoing, no structures, walls, fences or vegetation higher or greater than two (2) feet in height shall be constructed or maintained on any Lot within an area labeled on the Subdivision Plat as a clear vision easement.

(5) Pool and decking perimeter fencing will be required as safety fencing for pools and spas. These fences must have self-closing and self-latching gates as well as meet all other requirements under this **Section**. Pool fencing shall be installed prior to the completion of the construction of the pool.

(6) Each Owner shall maintain all fencing placed on his Lot including the reconstruction or replacement of fences which are tilted more than ten (10) degrees from a vertical position and the replacement of broken or cracked wooden pickets.

(7) All solid fencing shall include weep holes at least three inches (3") in diameter spaced at least every ten feet (10'), with the invert of the pipe at finished grade. Owner shall be responsible for clearing and maintaining the weep holes to permit the free flow of water.

(p) **Foundation Exposure and Finished Floor Elevation.** The Builder of each residence and building shall, to the extent possible, minimize the amount of exposed foundation below the brick lug, and in any event, no more than twelve inches (12") of the foundation along the front and the first one-half of the side elevations of the residence and no more than twenty-four inches (24") of the foundation along the remainder of the residence shall be exposed to view from any street or Common Areas. All exposed slab areas shall be parged or concealed by masonry or masonry veneer approved by the ARC. Additional landscape screening of exposed foundation may be required by the ARC. All exposed concrete on front and rear porches must be parged. All stucco exteriors shall be fully extended to the minimum level approved by VA and FHA. Only stucco homes are permitted to parge and paint exposed slab areas in excess of the maximum requirements. All foundations shall be a poured concrete slab. The finished floor elevation for the Living Unit and all other buildings situated on each Lot shall be in accordance with the elevations shown on the Grading Plan for such Lot and must be a minimum of eight inches (8") above the adjacent finished grade.

(q) **Garages and Carports.** A garage able to accommodate at least two (2), but not more than four (4) automobiles must be constructed and maintained for each residence. Detached garages may be allowed with ARC approval. Garages on model homes will be allowed to be used as a builder's sales offices but must be reconverted to use as a garage upon conveyance or occupancy of home as a residence.

(r) **Grading, Fill and Elevations.** No excessive excavation or fill will be permitted to remain for more than a six-month consecutive period on any Lot. Every effort must be made to minimize cut and fill necessary for the construction of a residence on a Lot. Excess fill may not be placed on a Lot and must be legally disposed of outside of the Subdivision. For Lots adjacent to a 100 year flood plain, the finished house pad elevation must be a minimum of two feet (2') above the 100 year flood plain elevation and/or the minimum grade specified on the Subdivision Plat.

(s) **Guttering.** All gutters are required to be a minimum of five inch (5") conventional metal. Gutters shall blend with the exterior of the house.

(t) **Holiday Decorations.** Holiday decorations, including lights, wreaths, and other similar decorations, may be placed on the exterior of the residence and/or the yard area of a Lot, provided that such decorations shall not be displayed more than thirty (30) days in advance of the holiday to which they pertain and shall be removed within fifteen (15) days after such holiday. No lighted decorations shall be permitted to shine into any neighboring residence or yard area, and no sound-emitting decorations shall be permitted. The ARC shall have the right to establish (and thereafter to amend) standards and guidelines for holiday decorations from time to time.

(u) **Landscaping and Irrigation.** The following provisions shall be applicable to landscaping and irrigation of the Lots in the Subdivision:

(1) **General.** Landscaping shall consist of quality materials which may include grasses, trees, shrubs, flowers, and ground cover. Landscapes will consist of plants and trees that are drought tolerant, which may be indigenous to the area, and require minimum amounts of water to survive and prosper.

(2) **Plans.** All landscape designs must be submitted to and approved by the ARC prior to installation of any landscaping in accordance with the requirements set forth in **Exhibit C** hereto. The ARC may modify the requirements of submittals to facilitate review of plans for various building programs. All plans shall be submitted to the ARC for review in determining their consistency and compatibility with the design and character of adjacent Lots and the Subdivision as a whole. Such plans shall be drawn to scale and shall include delineation of existing or proposed structures, pavement and other site features; and designate by name, size and location the plant material to be installed.

After a landscaping plan has been approved and instituted, each Owner is required to submit to the ARC a written request for any change in the plan; each Owner shall at all times maintain the minimum required vegetation; and each Owner shall be charged with the responsibility of replacing any vegetation which shall thereafter die or is destroyed or removed.

Installation of all landscaping and irrigation systems must be completed within ninety (90) days of first occupancy of the residence on a Lot in accordance with the landscape plan approved by the ARC.

(3) **Plant Materials.** All plant materials must be submitted to and approved by the ARC as part of the landscape plan. Each Owner shall make every effort to preserve significant natural vegetation. Appropriate procedures consistent with sound nursery practices shall be employed in all cases. The use or preservation of natural vegetation is intended to be sensitive to the natural plant species especially those which require minimal watering. This is not however intended to allow weeds, non-maintained, peculiar, or radical landscape to exist. The ARC expressly reserves the right to require the landscape plan for each residence to include the planting of trees by Owner if in the opinion of the ARC such trees are necessary to preserve the general landscaping goals and criteria for the Subdivision as a whole.

Minimum landscaping requirements shall include the following:

- (i) The following trees are either to remain or be planted in each Lot: live oaks, cedar elms, monterrey oaks, or red oak, three inches (3") or greater in diameter, or multi-trunk mountain laurel, six feet (6") or greater in height; as specified below:

LOT SIZE	FRONT YARD	CORNER LOTS (adjacent to street)
70'	2	3
90'	3	4

(ii) Complete landscaping in front yard and, for corner Lots, along the side yard adjacent to a street; and only drought tolerant grasses which require minimum watering will be approved for such areas.

(iii) Basic foundational planting of which will be full grown five (5) gallon size, spaced not more than three feet (3') apart across the entire front of the residence and extending around the front corners of the residence. Foundation plants will be included in ground cover beds configured in shape and size that compliment the shape of the residences, flatwork, and trees. Full foundation planting is required along the side elevation adjacent to a side street on corner Lots.

(iv) Additional evergreen planting will be required to screen the broad expanse of concrete for circular driveways, or a three (3) or four (4) car garage driveway that side loads from a side street.

In order to help Owners and their landscape designers, the National Wildflower Research Center publications "Native Plant Bibliography for Texas", "Texas Sources for Native Plants and Seeds", "Gardening and Landscaping with Native Plants", and "Wildflower Meadow Gardening" are maintained by the ARC for inspection and reference. In addition, the National Wildflower Research Center has consultants available at a nominal fee to help Owners either by prepaid telephone conversations or personal appointments.

Complete landscaping in front yard and, for corner Lots, along the side yard adjacent to a street is required. Owners are also required to landscape the cut/slope between the street curb and the Lot line and maintain the same in good condition as approved by the ARC. The ARC will require consistency in the choice of material and maintenance of this area. Owners are encouraged to use xeriscaping and plants, trees, and grasses that require minimum water usage and to use water efficient watering systems to minimize the amount of water applied to the Lots.

All planted or landscaped areas should be mulched with at least four (4") inches of native mulch.

(4) Hardscape. All retaining wall material shall be approved by the ARC. No railroad tie retaining walls are allowed. Statues, statuary fountains, multiple tier planters, above-ground pots or plant holders, and concrete and other lawn furniture are prohibited in front and side yards. All hardscape selections must be presented to and approved by the ARC as part of the landscape plan.

(5) Irrigation. Each Owner shall be responsible for watering and maintaining the landscaping on his Lot, including landscape easements and pedestrian easements. Water efficient irrigation systems covering at least all of the front yard area and side yard area of corner Lots shall be required and used to irrigate the landscaping material that requires periodic supplemental watering.

(6) Landscape Lighting. Landscape lighting is only allowed when approved by the ARC and when the submittal indicates the lighting scheme is limited in area and in intensity. The purpose of landscape lighting is to provide for safety and diffused mood lighting only, not for decoration. Step lights, pole and pilaster mounted fixtures may be allowed when placed appropriately. Filters and shields are required to hide the light source. Fluorescent, metal halide, or low pressure sodium lamps are not allowed. No light fixtures are allowed in setbacks.

(7) Variations.
